

Learn More About Study Abroad Opportunities at ESU!

The Office of International Programs will hold three information sessions during the Spring 2014 semester for students interested in learning more about study abroad programs available at ESU. Discussed in these meetings will be the eligibility requirements, the application process, as well as information on financial aid and scholarships. Students may choose to study abroad for a semester, an academic year, or during the summer in more than 50 countries. These sessions are a great opportunity to receive more information and ask questions on study abroad.

Students can also learn more about the International Studies minor by attending one of the information sessions. Kelly McKenzie advises students pursuing a minor in International Studies and will attend each session to speak to students and answer questions.
