

EAST STROUDSBURG UNIVERSITY EMPLOYEE RECOGNITION PROGRAM

BURGY'S BEST

Do you know someone who has gone above and beyond to help **create a positive, caring and productive school/work environment through exceptional effort, dedication or customer service**; an employee who went above and beyond to keep the halls clean during all of our recent snow events, an employee who took that extra step to help make a colleague's job a little easier, or a faculty member who gave a student a little extra attention that helped him/her succeed in the classroom?

BURGY'S BEST is an Employee Recognition Program that was established to recognize the outstanding work of university employees and employees of university affiliated organizations (Student Activity Association, ESU Foundation). The program serves to highlight the excellence that exists in all areas and job functions across the institution. Faculty, staff and students are able to recognize any employee **who has demonstrated that extra effort** by completing a "Burgy's Best" form.

This is an ongoing program and forms may be submitted any time of the year. Please take a few moments to recognize those around you who help make ESU a more positive and productive environment.

For additional information on eligibility and procedures for submitting nomination forms as well as some sample nominations, please visit the human resources webpage at http://www4.esu.edu/about/offices/human_resources/recognition.cfm.

Questions should be addressed to Jess Diaz in Human Resource Management at hrintern2@esu.edu.
