

A Message from the Transfer Center

Since 1999, ESU has established 34 articulation agreements with nearby community colleges, helping transfer students who have completed an associate degree to complete a bachelor's degree at ESU.

In the summer of 2013, ESU opened its Transfer Center in the Student Enrollment Center, and since that time, we have established an additional 11 articulation agreements from colleges such as: County College of Morris, Lackawanna College, Northampton Community College, and Sussex County Community College in N.J.

Coming this Fall 2014, ESU will sign an articulation agreement in sport management and exercise science with Raritan Valley Community College in N.J.

If you would like any additional information about these agreements, please feel free to contact Candice Pellegrino in the Transfer Center at cpellegr3@esu.edu.
