

Are you interested in studying abroad?

Ms. Erika Roitblat, university relations representative with CISabroad, will be in the University Center (Booth B) on Monday, March 3 from 11:30 a.m. – 1:30 p.m. to meet with students who are interested in participating in a study abroad program. ESU is an affiliate of CISabroad, a study abroad organization with programs in almost 20 countries. CISabroad offers semester programs as well as short-term programs during the summer. In addition to its study abroad programs, CISabroad can assist students interested in completing an internship outside the United States.

Interested students are encouraged to visit Erika Roitblat to learn more about the exciting opportunities available to ESU students through CISabroad. If you cannot make it on March 3, please contact Mike Laffey, Coordinator for the Office of International Programs, at 570-422-3527 or mlaffey@esu.edu for more information.
