

First Time Using MyITLab.com

The first time you use MyITLab.com (or you need to use it on a computer that you have never used it from before) you need to download and install some additional software/plugins for Internet Explorer.

System Requirements

First, to use MyITLab.com, your computer must meet the following minimum requirements:

- **Operating System (one of the following):**
 - Microsoft Windows® 2000 SP4
 - Microsoft Windows XP SP2
 - Microsoft Windows Vista™
- **Browser:**
 - Internet Explorer 6.0 and 7.0
- **Internet connection:**
 - Broadband connection (cable or DSL) or higher recommended.
 - Dial-up/56K modem minimum requirement
- **Screen resolution:**
 - Optimized for use at 1024x768 pixels or higher, will scale to fit 800x600
- **Plug-ins and Players:**
 - ActiveX control
 - Adobe Flash Player 7 or higher
 - Adobe Reader

Testing Your System/Installing Required Software

To test the configuration of your computer, launch Internet Explorer and open the following link:

<http://pegasusauth04.pearsoncmg.com/webwiz/wizard.asp>

This link will walk you through the steps of testing your current system configuration (installed plugins/players, etc) and download the MyITLab content. You only need to do this once (per machine).
