

IMMUNIZATIONS FOR THE FACULTY PLAN
Travel, Routine, Influenza and Pneumonia Vaccinations
Full-Time Faculty Only Qualify for Reimbursement

Most faculty have coverage for vaccinations (excluding travel immunizations) who participate in the Highmark PPO basic health plan provided by the State System of Higher Education (PASSHE). Faculty who participate in the PASSHE's indemnity basic health plan are not covered for influenza and pneumonia vaccinations. Check with your health plan or health care provider to determine if your plan provides these coverages. If it does not, the Fund will provide the faculty with up to a maximum annual reimbursement of \$300.00 for vaccinations. The Fund's benefits should not be considered a substitute for the health plan benefits provided by the PASSHE.
