Course Meeting Information:

Please check your course listing at this site for any details about on campus meetings (sometimes professors will require a certain number of face-to-face meetings): www.esu.edu/distanceeducation. If there is no information, then you may email the instructor to find out any specifics you may need to know before you begin your course.

Log On Information

ESU uses Desire 2 Learn (D2L) as the online classroom. You have been assigned one log on for all accounts here at ESU which includes your ESU email account and your D2L account. Please read carefully on the reverse side to make sure you are able to log in to D2L prior to the start of your course. Some faculty may also be using Moodle or other programs for online courses. If your Professor is using Moodle, the log on information below is the same.
