Re: Cash Transaction Reporting Requirement

Pursuant to Internal Revenue Code Section 60501, East Stroudsburg University is required to report to the Internal Revenue Service (IRS) each transaction in which more than \$10,000 in cash is received by the University. Cash is defined as U.S. and foreign currency and in certain circumstances, cashier's checks, money orders, bank draft or traveler's checks. When the University receives in excess of \$10,000 in cash in a single transaction (or in two or more related transactions), it is required to obtain the following information from the payer and provide it, along with payment information, to the IRS:

- Payer's name
- Payer's address
- Payer's date of birth
- Payer's Social Security Number or Individual Taxpayer Identification Number
- Payer's occupation
- Identifying Documentation Used to verify identity, for example driver's license or passport
- If the transaction is conducted on behalf of another person, then the above information is required for that person as well. (If the person on whose behalf the transaction is conducted is not required to have a Social Security Number or Individual Taxpayer Identification Number, his/her alien identification information must be obtained and provided to the IRS.)

If you pay the University over \$10,000 in cash, providing the above information to the University is required by law and will expedite the processing of your transaction.

You will receive a statement from the University by January 31 following the calendar year the University received the cash from you. This statement will contain the name, address and phone number of the University department or office which received the reportable payment from you as well as the total amount of cash which was reported to the IRS during the calendar year.

We appreciate your cooperation. If you have questions regarding the IRS rules with respect to the required reporting of cash transactions, please contact the University Business Office at (570) 422-3821.

This notice is for your information only; you do NOT have to complete or send any additional information.

You can find the Internal Revenue Service's Form 8300 and instructions at http://www.irs.gov/pub/irs-pdf/f8300.pdf

Sample Filled-Out Form 8300

The filled-out Form 8300 below is based on the following fictitious transaction and is for illustrative purposes only. Additional or different parts of the form may need to be completed based on the facts of each transaction. Refer to the Form 8300 instructions at http://irs.gov/pub/irs-pdf/f8300.pdf or contact the University Business Office at 570-422-3821 if you have any questions with respect to completing the form.

Scenario: On August 15, 2014, Jane Smith pays \$11,000 in cash at the Student Enrollment Center. The payment is applied to the account of her son, Joseph Smith, an East Stroudsburg University student. The unpaid charges in Joseph's account prior to the \$11,000 payment include tuition, room, board, and fees totaling \$18,000 for the Fall 2014 semester.

Filling out Form 8300:

Part I

To complete Part I, the person who receives the payment must obtain the payer's name, address, taxpayer identification number (i.e. social security or individual taxpayer identification number), date of birth and occupation. In addition, the payer's identification must be verified, for example, by a photo driver's license. This identification must be documented in Part I of the form.

Part II

Because, in this example, the payments were made by one person (Jane Smith) on another person's behalf (Joseph Smith), Part II must be completed. The information required by Part II may be in the University's records or may need to be provided by the payer.

If the payer is conducting a transaction on his/her own behalf, Part II need not be completed. In this example, if Jane Smith were a student making a payment on her own student account (instead of her son's), Part II would not need to be completed.

Part III

The information required to complete Part III must be determined at the time of the transaction (e.g., form of "cash" payment, amount in \$100 bills or higher) or obtained from the University's records (e.g., total price and type of transaction).

Part IV

The address of the actual physical location where the cash was received (not a central University address) is required to be disclosed. Form 8300 must be reviewed by the department supervisor or other person who authorized the transaction; this person must then sign and date the form and indicate his/her University title and phone number.

Note:

Page two of Form 8300 must be completed when there are multiple parties to the transaction. Part I on page two must be completed if the reportable payment is received from more than one person. Part II on page two must be completed if the reportable payment is made on behalf of more than one person.
