SECTION I: THE STUDENT

Internship Philosophy

East Stroudsburg University views the concept of field experience and internship as an integral part of the learning process in many programs of instruction. The Hospitality, Recreation, and Tourism Management Department considers it an essential part of its curriculum for majors in this discipline. This internship experience in the hospitality industry should be designed to compliment the coursework taken so that the student’s background of education and experience is enhanced.

** Documentation may include, but not be limited to, paycheck stubs totaling 400 hours or a letter from an employer(s) stating the student had worked at least 400 hours.
Notice of Eligibility

All HRTM students who become eligible for an internship will be notified by mail during the first month following their eligibility semester. Students not receiving official notification should consult with their academic advisor.

Securing An Internship

It is the responsibility of the students to secure an internship. However, the academic advisor, as well as other members of the HRTM faculty will be available to assist you with this process. Please consult the Suggested Schedule for Internship Preparation, which is Appendix A of this manual.

Negotiating terms of internship employment (rate of pay, housing, transportation, etc.) is the responsibility of the student. Specific requirements and concerns should be discussed prior to accepting the internship. The University requires that the following minimum guidelines be adhered to:

1. Compensation must be provided for work performed. The compensation should be approximately equivalent to another employee in a similar position performing similar work.
2. The intern’s work week must be at least 30 hours per week.
3. The intern must work for the semester equivalent number of weeks.
   Spring or Fall Semesters – 15 weeks (600 hrs). Summer Semester – 12 Weeks (480 hrs).

Upon securing an internship, the student is responsible for insuring that the employer completes Part B of the Learning Contract (See Section IV – Learning Contract.) Part B must be submitted via D2L and notifying your faculty advisor at least 3 weeks prior to the start of the internship.
Registering for the Internship

All prospective interning students are required to attend an orientation session during the semester prior to his/her internship. It is during this orientation session that the student must complete an enrollment card for registration and submit Part A of the Learning Contract. Notices will be posted to advise students of the orientation date and time.

Responsibility As An Intern

The Student Intern will:

1. Demonstrate at all times an attitude of cooperation and eagerness to learn.
2. Follow all rules and regulations of the employer.
3. Be professional in appearance and adhere to uniform requirements.
4. Communicate concerns to faculty advisor.
5. Complete sections A & F.
SECTION II: FACULTY SUPERVISOR RESPONSIBILITIES & GUIDELINES FOR INTERNSHIPS

The faculty supervisor is expected to be a resource for the student. This includes assisting the student in creating an internship that will most effectively meet the student’s learning objectives and course outcomes.

The faculty supervisor will be assigned interning students by the department chairperson and will receive the student intern file containing Parts A & B of the Learning Contract.

1. If assigned the interning student prior to the internship start date:
   a. Insure that Parts A & B of the Learning Contract are complete.
   b. Contact the intern to ensure understanding of the main elements of the Internship Manual.
   c. Confirm the start date of the internship.

2. If assigned the interning student after the internship start date:
   a. Insure that Parts A & B of the Learning Contract are complete.
   b. Contact the intern within 1 week of assignment to inform the intern that you will be their supervisor.
   c. Insure that the intern understands the main elements of the Internship Manual.

3. Within the first 2 weeks of the internship, provide the intern with a course syllabus that outlines the course outcomes and expectations.

4. Contact the intern during the first 2 weeks of the internship to arrange a site visit.
5. Within the **first 1/3rd** of the semester (4 weeks for summer, 5 weeks for fall and spring), conduct an internship site visit and meet with the intern and work supervisor. The site visit should include:

   a. Introduction to intern work supervisor and other key personnel.
   b. Clarification of intern job requirements and responsibilities.
   c. In conjunction with the work supervisor, develop several learning objectives for the intern. Complete Part C of the Learning Contract.
   d. Discussion of intern’s work performance.
   e. Tour facility.

6. Monitor the intern’s progress via telephone, e-mail, or personal visits when necessary.

8. Insure intern completes Part F (intern evaluates employer) of the Learning Contract.

9. After submission of the grade, return the completed intern file to the department secretary.
SECTION III: INTERN EMPLOYER

The intern employer is an essential link in the internship experience. Upon hiring an intern, the employer is making a commitment to provide an experiential learning opportunity for the student. This learning opportunity also comes with the understanding that the organization is in business to make a profit. It is the belief of the HRTM Department that both a student learning experience and a student contribution to the organization can be accomplished through clear communication of expectations.

The following list of expectations has been articulated in order to clarify the employer’s role in the learning experience:

• The employer will complete part B of the Learning Contract. (See Section IV: Learning Contract)
• The employer agrees to employ the student approximately 40 hours per week (minimum of 30 hours per week).
• The employer agrees to provide the student with appropriate work which will enhance the student’s background and further his/her educational experience.
• Management, on a regular basis, will provide feedback to the student on his/her performance.
• The employer will permit the faculty supervisor to visit the work place and meet with the appropriate work supervisor to review the student’s performance.
• Whenever possible and applicable, the student will be invited to attend departmental meetings and training sessions.
• The employer will expose the students to productive and varied work environments.
• The appropriate supervisor will complete and return an evaluation of the student’s performance. (See Part D – of the Learning Contract)

The employer should, without hesitation, contact the faculty supervisor if questions or concerns arise during the internship.
SECTION IV: LEARNING CONTRACT

The Learning Contract is designed to provide the University with documentation of the internship experience. This Learning Contract is not a legal document but rather an outline of the internship experience.
