FYE-ACADEMIC SUCCESS

The FYE-Academic Success path will direct you to workshops on college-level study strategies and will acquaint you with academic support centers which provide tutoring, writing help, math coaching, and library research assistance. It will show you "how to" procedures for navigating the university, how to communicate with your ESU academic success network (through WarriorFish), how to effectively explore a major, how to map out your eight semesters of courses (on DegreeWorks), how to register for classes, how to add or drop a class, etc. Becoming competent at these procedures will give you greater control and help you make the best choices for your college career.

FYE-CAMPUS CONNECTIONS

The FYE-Campus Connections path provides a structure of exposure to exciting programs that will connect you with your new Warrior Community. These events cover various areas of interest on campus, which include community building, recreation, diversity & inclusion, health & wellness, professional development, civic engagement, clubs & organizations, and more. The entire First-Six-Weeks event calendar is provided for you. Becoming acquainted with these initiatives will not only help you forge relationships with like-minded Warriors, but will also introduce you to possible leadership opportunities during your time at ESU.
