STUDENT LEARNING
OUTCOME ONE:
CITIZENSHIP IN A DIVERSE
AND GLOBAL SOCIETY

POLITICAL SCIENCE
DEPARTMENT
STUDENT LEARNING OUTCOME 1

I. Demonstrate an understanding of their role as citizens of a diverse and global society.

By the time an ESU student has graduated, a student, will understand the concept “citizen” as a civic and legal term; a sense of identification with a community; and, as a participant in political/social institutions and processes. The student will have an understanding of the roles and responsibilities of a citizen on all levels of the global society, including local, regional, national, and international levels. The student will develop an understanding of diverse views and perspectives and will demonstrate a tolerance for the multicultural beliefs and practices of various domestic and global cultures, which are common in our interconnected world.
STUDENT LEARNING OUTCOME 1

Specifically, students will be able to:

- Develop an understanding of local, state, national, and international political institutions and processes, and how they can engage in active civic participation in governmental, non-profit, or private organization to improve the quality of life.
- Develop a familiarity of world cultures by learning about historical, social, political, and economic institutions and processes.
- Demonstrate an awareness of their role and responsibilities as citizens of a global community and an understanding of global interconnectedness.
- Demonstrate tolerance for diverse views and perspectives.
- Promote human equality at the personal and societal level through participation in active methods.

POSITION PAPER

The Assignment:
- 3-4 Typed, Double Spaced Pages, with a minimum of 5 citations

Goals of the Position Paper Assignment
- Identify a problem that they deem important in public policy or government operation (national or international).
  - Serves to engage the student in a critical analysis of global governance and policymaking.
- Contrast competing arguments and proposals for solving the problem.
  - Serves to expose students to competing ideologies, worldviews and governmental systems.
Goals Continued...

- Explain with evidence their preferred solution for solving the problem.
  - Requires the student to move beyond preconceived beliefs and defend how to change policy or government operation creating an awareness of their role/responsibility in our government.

- Overall, the hope is that this newfound knowledge and ability to critically analyze our government will foster political efficacy and future participation in the political process.
POLS 120 ASSESSMENT

The paper is assessed using a rubric which evaluates their ability to identify and explain the problem as well as the role of government and their ability to defend their position.

I will be using the AACU value rubrics to assess the achievement of the following outcomes:

- Analysis of Knowledge
- Civic Communication
- Perspective Taking
- Understanding Global Systems
- Applying Knowledge to Contemporary Global Contexts

On the Service Learning Project the non-profit agency provides a short feedback to the instructor in the form of an email.
BIOL 106: Insects & Human Life

Global Citizenship Student Learning Outcome: Using Insects to Expose students to the World’s Diversity

Matthew S. Wallace
Biological Sciences
East Stroudsburg University of Pennsylvania
INSECTS & HUMAN LIFE: BACKGROUND

• The course:
  • Biology GE

• 4-5:15, TuTh

• ~ 80 students, large lecture hall

• Fall & Spring
INSECTS & HUMAN LIFE: BACKGROUND

• Overall course goals:

  • for non-majors to grasp biological principles using insects as examples
  
  • to use enthusiasm, various strategies to engage students
  
  • emphasize class participation: attendance & professionalism
INSECTS & HUMAN LIFE: BACKGROUND

• Main topics:

1. What are insects?
   • systematics & evolution
   • anatomy & physiology
   • reproduction
   • behavior & ecology
   • botany

2. Interactions with man
   • beneficial insects
   • harmful insects
   • insect appreciation
INSECTS & HUMAN LIFE

• Global Citizenship Student Learning Outcome

  • emphasized with theme of **WORLDWIDE DIVERSITY OF INSECTS**

  • *as a result, students become informed “citizen scientists”*
INSECTS & HUMAN LIFE

• Global Citizenship topics:

1. *Insects are found everywhere around the world*

2. *Insects POSITIVELY impact world cultures*
   - honey bee role in world agriculture
   - African, Asian, Latin American cultures eat insects
   - insects are symbols, subjects of artwork for many cultures
   - insects in medicine: cures for cancer?
   - used to help solve crimes!
• **Global Citizenship topics:**

3. *Insects NEGATIVELY impact world cultures*

- many insects vector deadly pathogens worldwide

- pest insects threaten how we feed the world
  - destruction of crops, forests, food stuffs
INSECTS & HUMAN LIFE

• **Global Citizenship topics:**

  4. *the critical role of insects in ecosystem health & thus, health of planet*

    o insect associations with plants—they *need* each other

    o as measures of aquatic health

    o as measures of climate change
INSECTS & HUMAN LIFE

• *How do I present this information?*

• *DIVERSITY OF METHODS:*

  ➢ abbreviated lectures, with many illustrations

  ➢ annotated video clips

  ➢ in-class exercises focused on critical evaluation of the material

  ➢ in-house & online labs

  ➢ art projects, eating insects!
INSECTS & HUMAN LIFE

• *How do I assess/evidence of learning?*

• *DIVERSITY OF METHODS:*

  ➢ 4 lecture exams, variety of questions

  ➢ laboratory exercises

  ➢ papers focusing on global issues: CCD, new medicines, international transport of exotic species

  ➢ EVIDENCE OF LEARNING: high test scores, well-written & thought-out papers, art work in lab & projects
INSECTS & HUMAN LIFE

• What will I continue to do, begin to do

  • continue with most of my methods

  • focus on defining our roles as U.S. citizens in solving world’s insect problems

    • class discussions

    • essays
