GLOBAL PERSPECTIVES PREPAREDNESS

NOTE: This question was asked for the first time during the Spring 2014 cohort administration.

Being a citizen of a diverse, global society includes identifying with a community, participating in political and social processes on multiple levels, understanding and appreciating diverse views and perspectives, and tolerating the varied beliefs and practices of our multicultural and interconnected world.

In thinking about your ESU education, please evaluate how well you feel prepared to put into practice each of the following components of global citizenship.

CRITICAL THINKING PREPAREDNESS

Critical thinking is a purposeful, creative, intellectual process that enables graduates to solve problems and address issues in ways that are responsive to their needs, those of the community, and those of the citizens of the world.

In thinking about your ESU education, please evaluate how well you feel prepared to do each of the following components of critical thinking:
