**Subject:** Coronavirus Update: Impact on Spring Break travel

East Stroudsburg University continues to monitor developments related to COVID-19 (Coronavirus) every day, throughout the day.

As a safety measure in the best interest of our students, faculty and staff, the University has opted to suspend all official study abroad programs and spring break service trips, nationally and internationally, effective March 6, 2020.

We recognize that this decision has major impact for those students and faculty members planning to travel abroad, specifically the cost implications associated with many of these travel plans.

Please know that our Office of International Studies is working with insurance companies, airlines, and third party agencies to request refunds, and we ask for your patience as we continue to conduct these tasks. We will update you accordingly.
