

East Stroudsburg University
The Principal Intern Program
Professional and Secondary Education 573, 574 & 575

Intern Application Form

The purpose of this application form is to collect all data pertinent to the internship and to use this data in a preliminary discussion between the candidate and the advisor. These consultations will determine (1) the readiness of the candidate for the internship experience, (2) the setting and administration direction, and (3) the nature of the administrative activities desirable in this case. Candidates may enter the internship in any semester, but must complete a full year internship, consecutively for three semesters including the summer.

All internship decisions must be arrived at in consultation with the advisor and no registration for PSED 573, 574 & 575 is permitted without prior advisor approval. For Principal Certification candidates only (currently have an M.Ed. - 30 credit hours are currently required in Pennsylvania), PSED 573, 574 and 575 may be initiated only after the completion of five (5) core course requirements and two (2) Track 2 administrative course requirements, a minimum of 21 credit hours. For candidates seeking the M.Ed. combined with Principal Certification (36 hours are required), PSED 573, 574 and 575 may be initiated only after the completion of seven (7) core course requirements and two (2) Track 2 administrative course requirements, a minimum of 27 credit hours. With the advisor's permission, a candidate may begin the internship with only one (1) remaining course.

PERSONAL DATA

Name _____ Date _____

Address _____ Home Phone _____

_____ School Phone _____ Ext. _____

Email _____

Present Professional Position _____

Name of School Where Employed _____

PREPARATION

Total graduate credits completed as of this date:

_____ All institutions _____ East Stroudsburg University

Note: If you began course work before January 1, 2010, you may only need two of the three internship semesters selected from PSED 573, 574, and 575.
