

Academic Continuity Plan

Faculty: _____

Department: _____ **College:** _____

Please use this template to describe: a) your alternative instructional plan (e.g. D2L, Zoom, email, or combination) for each course you teach; and b) how you will continue to be available for individual students to support their needs (i.e. “office hours”). As part of this plan, it is important to outline the ways in which student learning outcomes and course objectives are being met and are communicated to students. Please refer to ESU’s [Assignment of Semester Credit Hour Policy and Procedural Compliance Policy](#). In addition, all faculty should include these changes in their course syllabi and submit their revised syllabi to their department chairperson and dean, and post on D2L.

Spring 2020 Courses:

CRN	Course Number	Course Title	Type (e.g., lecture, lab, internship, clinical)	Credit Hours

Alternative Instructional Plan: Describe your alternative instructional plan for each course you teach, including methodology (e.g., D2L, Zoom, email, or combination), course outcomes, and (if appropriate) accreditation standards.

<p>Course Title: _____</p> <p>Course Type: (e.g. clinical, lecture, laboratory, studio, etc.) _____</p> <p>Alternative Instructional Plan:</p>
