Subject: Important Update to ESU's spring 2020 Interim Pass/Fail Policy from Provost Bruno

Dear Students:

The Office of Provost has been working closely with our faculty colleagues and the Registrar to ensure that an interim grading policy for spring 2020 affords flexibility for our students and faculty as they complete this challenging semester online. As a result of a lengthy review and discussion, we have modified the above policy, procedures and FAQs to reflect an important addition. Please note the following:

- Consistent with the Interim P/F Policy for spring 2020, an earned grade of E will automatically be posted as an F at the time of final grades. Fs under the policy do not count toward or against a student's GPA.

Please refer to the above updated attachments which will also be available on our website.

Yours,

Jo Bruno

Joanne "Jo" Z. Bruno, J.D.

Provost and Vice President for Academic Affairs
