

Updated Language for Academic Probation for Athletics Fall 21 only

- In light of the AY 20-21 grading policy, which is terminated as of the end of spring 2021 semester, statements of academic warning, academic probation, and academic suspension will not appear on the official transcript for AY 2020-2021 (Fall 2020, Winter-session 2021, Spring 2021).
- The University's academic standing standards (as stated in the University Catalog) on academic probation includes the statement that "students on academic probation are not eligible for to compete or practice in intercollegiate athletics and may not enroll in off-campus internships". This standard is waived for the academic year 2020-2021 to correspond with the temporary grading policy of the same academic year, AY 20-21. The published academic standing standards will resume with Fall 2021.
