General Information

Facilities

All of our residence halls have kitchen, laundry, recreation and study areas. In the traditional halls and new suites, there are communal kitchens. In the University Apartments and University Ridge, each apartment has its own kitchen.

Supervision

The residence halls are supervised by a full-time live-in Resident Director, or Graduate Assistant. These professionals are assisted by Resident Advisors (RAs) who are upperclass student para-professionals employed by the Office of Residence Life. Each floor has an RA, and it is his/her responsibility to provide programs, enforce University policies, act as a resource and referral agent, and generally provide assistance within the limits of his/her experience and training.
