esu.edu/enrollmentsrv 570-422-2800 | 800-378-6732

The Office of Financial Aid is committed to helping you find solutions to meet the challenge of funding the cost of higher education. Visit our website to find out more in-depth information and filing deadlines. Select Campus Life, Enrollment Center, and click on Financial Aid. For renewal of financial aid, the student must complete a new FAFSA each year in order to be considered for financial aid. In addition, the student must meet East Stroudsburg University's Satisfactory Academic Progress policy. The Office of Financial Aid is located in the Student Enrollment Center in Zimbar-Liljenstein Hall and is open Monday through Thursday from 8 a.m. through 4:30 p.m. and Friday from 10 a.m. until 4:30 p.m. Our highly qualified staff is available to assist you.

Financial Aid Satisfactory Academic Progress

East Stroudsburg University has developed standards of Satisfactory Academic Progress (SAP) in accordance with federal regulations. These procedures measure qualitative (cumulative quality point average), quantitative (number of credits completed), and maximum time-frame for completion.

A student must maintain satisfactory academic progress to continue to receive federal Title IV aid. Federal financial aid includes Federal Pell Grant, Federal SEOG, Federal Work-Study, Federal Direct Loans (subsidized and unsubsidized), Federal Direct PLUS Loan and Federal Direct Graduate PLUS Loan.

Students should be aware of the impact of failing grades, incomplete grades, course withdrawals, and repeated courses. Failure to maintain SAP, according to these standards, will result in the loss of Federal Title IV financial aid until such time as the student is again maintaining satisfactory academic progress. All periods of enrollment are included whether or not the student received federal financial aid during that time. More detailed information on ESU's Financial Aid Satisfactory Academic Progress policy may be found online at: esu.edu/academicprogress

CAPS primarily utilizes a brief, solution-focused therapy model that is based upon the student's needs and goals. Services are free, confidential, and will not appear on a student's academic/educational record.

Students often present with a variety of concerns. Different modalities are available to help resolve students' issues, including individual, couples, group counseling, and crisis intervention. Confidentiality

Information shared within a counseling session is protected by both state law and professional ethics, and cannot be released without the student's written permission, except as required by law. Exceptions to this rule include situations in which a student clearly presents a danger to self or others, child abuse, abuse of the elderly, or a court order.

AMERICANS WITH DISABILITIES ACT ACCOMMODATION

East Stroudsburg University, in accordance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 (the "ADA"), and the State System of Higher Education, makes every effort to ensure that reasonable accommodations are made to meet the needs of otherwise qualified individuals with disabilities. The University does not discriminate against otherwise qualified students or applicants with disabilities in admission, student programs, activities and services.

The University will provide reasonable accommodations to otherwise qualified employees and applicants for University positions who are protected by the ADA by making changes in the work environment or by changing certain practices and procedures, as long as these changes do not pose an undue hardship on the University or alter the essential functions of the job. Employees, regardless of whether they are receiving an accommodation, must maintain institutional standards of performance, attendance, and conduct.

Reasonable accommodations are provided for qualified students with documented disabilities in an effort to enhance the learning process and enable individuals to reach their maximum potential. These provisions are necessary to ensure that otherwise qualified students with disabilities are given the opportunity to fulfill academic requirements and that they are not excluded from programs because of absence of auxiliary aids.

The student, however, is expected to meet the standards of each class as determined by the instructor.

Services of a personal nature are the responsibility of the employee or student.

For questions or comments concerning disability discrimination or harassment, please refer to the University's Discrimination and Harassment Policy.

CONFIDENTIALITY

All Medical information related to an individual's request for accommodation is confidential and will be maintained in a secured location separate and apart from an employee's personnel file, applicant's job application or a student's academic file.

RETALIATION PROHIBITED

No retaliatory action is to be taken against any person who requests an accommodation under this policy. Any person found to have engaged in retaliatory action may be subject to discipline by the University.

Anyone who believes they have experienced retaliation should promptly contact the Office of Diversity & Equal Opportunity.

AMOROUS RELATIONSHIPS POLICY

A. Purpose

One of the core missions of the State System of Higher Education is to provide a productive educational environment and a professional

workplace that is based on trust, mutual respect and the integrity of all members of the university community. Such trust and respect are undermined when State System employees and officials engage in amorous relationships with students or with employees for whom the individual has supervisory, instructional or professional responsibilities. Due to actual or perceived differences in authority, these relationships create actual or perceived conflicts of interest and raise the potential for exploitation or bias. In order to establish the professional standards expected of members of the university community, the Board of Governors establishes this personnel policy.

B. Definitions

- **"Amorous Relationship"** means a consensual relationship or encounter of a romantic, intimate, sexual or dating nature between persons who are not married to each other. The relationship may or may not involve physical contact and can include relationships conducted via electronic communications, such as text or social media platforms.
- **"Employee"** means an individual who is employed by the State System (either at a State System university or in the Office of the Chancellor) including, but not limited to, faculty members, coaches, staff, managers and graduate student employees.
- **"Official"** means a member of a Council of Trustees or of the Board of Governors or their respective designees.
- **"Volunteer"** means a recognized volunteer or any individual who represents or acts on behalf of the university or whose actions may bind the university, regardless of whether the individual receives monetary or other compensation. For purposes of this policy, employees and officials of recognized affiliated entities, ROTC instructors, visiting professors and unpaid camps and conference personnel will be considered volunteers.
- **"Student"** means any individual enrolled in one or more regularly scheduled undergraduate or graduate courses or noncredit-bearing instruction or certification programs at any State System University. The term "student" may include employees and volunteers.
- **"Supervisory Responsibilities"** means the authority to assign work to another; evaluate the performance or conduct of another; instruct another; or otherwise make, recommend or impact decisions that affect the hiring, appointment, reappointment, promotion, assignment of duties, evaluation or terms and conditions of another's employment, volunteer status or status as a student.
- **"Instructional Responsibilities"** means the authority to evaluate or supervise the performance or conduct of a student; instruct, advise or coach a student; or otherwise make, recommend or impact decisions that affect the

individual's status as a student at a State System University.

- **"Professional Responsibilities"** means job or appointment-related responsibilities that could impact the student's education or professional career.

Members of University Police Departments are deemed to have professional responsibilities for students: any time they are on duty; when the member of the department is involved in an ongoing investigation in which the student is a target, witness, person of interest or subject of an investigation; or the student is involved in a campus administrative action in which the member of the department has a role.

Healthcare professionals, including athletic trainers, are deemed to have professional responsibilities for students they provided service to, including as part of student campus health, counseling or wellness centers. Healthcare professionals shall not provide direct services to a student with whom they have had or are having an amorous relationship (unless it is an emergency and no other healthcare professional is available on campus).

C. Policy

1. Amorous Relationships with Students

All employees, volunteers and officials are prohibited from entering into amorous relationships with students where the employee, volunteer or official has supervisory, instructional or professional responsibilities concerning the student.

An amorous relationship between an employee, volunteer or official and a student not otherwise prohibited under this policy is strongly discouraged as it may create an actual or perceived conflict. If there is any doubt whether a relationship falls within the scope of this policy, individuals should disclose the facts to and seek guidance from the Chief Human Resources Officer rather than fail to disclose. Failure to disclose a relationship as required by this policy could result in sanctions.

Student members of a Council of Trustees or the Board of Governors are not prohibited from having amorous relationships with other students under this policy because of their status as officials.

2. Amorous Relationships with Employees or Volunteers

All employees, volunteers and officials are prohibited from entering into amorous relationships with other employees, volunteers or officials where one party has supervisory, instructional or professional responsibilities concerning the other party.

Amorous relationships between employees, volunteers and officials not otherwise prohibited under this policy are strongly discouraged as they may create an actual or perceived conflict. If there is any doubt whether a relationship falls within the scope of this policy, individuals should disclose the facts to and seek guidance from the Chief Human Resources Officer rather than fail to disclose. Failure to disclose a relationship as required by this policy could result in sanctions.

3. Relationships with Minors

Regardless of supervisory, instructional or professional responsibilities, all employees, volunteers and officials are

prohibited from entering into amorous relationships with persons under 18 years of age.

4. Disclosure of Relationships

Pre-existing amorous relationships where one party has supervisory, instructional or professional responsibilities concerning the other party are not prohibited under this policy, provided the individual with supervisory, instructional or professional responsibilities discloses the relationship to the designated Chief Human Resources Officer within 30 days of the effective date of this policy, and an acceptable conflict management plan is implemented. The Office of the Chancellor and each University shall publish the name and contact information of the Chief Human Resources Officer on their respective websites.

Consistent with [Board of Governors' Policy 2012-01: Conflict of Interest](#), employees are required to report any conflict of interest involving an immediate family member, including a spouse, so that necessary and appropriate actions are taken to remedy or avoid the conflict of interest or potential for conflict of interest.

5. Management of Conflicts

For pre-existing amorous relationships, the individual in the relationship who has or may have supervisory, instructional or professional responsibilities must submit a written conflict management plan to the Chief Human Resources Officer explaining in detail how the conflicts will be managed. Such plans shall be submitted within 30 days of the effective date of this policy or upon notice of a change in circumstances that gives one party to the amorous relationship supervisory, instructional or professional responsibilities concerning the other party.

The Chief Human Resources Officer or their designee, shall review the submitted conflict management plan and work with the parties involved in the amorous relationship and with other appropriate individuals to make any necessary changes to the proposed plan to effectively and appropriately manage the conflicts. The Chief Human Resources Officer (or their designee) is responsible for administering the conflict management plan and will notify appropriate individuals of the existence of the conflict management plan.

Conflict management plans may include, but are not limited to altering supervisory or employment reporting lines; moving a student to another section of the same course; appointing a different individual to serve on an academic, conduct or evaluative committee; moving the parties to other positions of the same or comparable status and duties; or establishing alternative means of evaluation of academic or work performance.

If a relationship involves the Chief Human Resources Officer, the matter should be referred to the individual responsible for supervising the Chief Human Resources Officer to address the conflict consistent with the mandates of this policy.

6. Violations

A violation of this policy occurs when an employee, volunteer or official: (1) allows a prohibited amorous relationship to occur; (2) allows a pre-existing amorous relationship to continue without disclosing; or (3) fails to cooperate in managing conflicts associated with an amorous relationship covered by this policy.

Violations of this policy by an employee or volunteer constitutes misconduct subject to disciplinary action, up to and including discharge or termination, in accordance with any applicable collective bargaining agreement or State System or University policies. Alleged violations by students may be referred by the University for review in accordance with the code of conduct. Alleged violations by officials may be referred to the appointing authority. Violations of this policy may lead to disciplinary action, as appropriate, regardless of how the violation is brought to the attention of the State System or the University.

Amorous relationships under this policy are consensual relationships. Conduct that violates local, state or federal law or relevant State System or University policies should be handled pursuant to applicable policy or by law enforcement, as appropriate. Violations of this policy that result in administrative or legal claims against the State System or a University may result in representation or indemnification being denied to the employee, volunteer or official pursuant to 4 Pa. Code Chap. 39.

7. Reporting Violations of this Policy

A violation of this policy may be reported by any individual to the Chief Human Resources Officer or their designee.

Due process considerations may limit the ability to investigate or resolve anonymous complaints.

8. Retaliation

No individual shall retaliate against another individual for making a good faith report or participating in a process under this policy. A complaint is not considered a bad faith report merely because the evidence does not ultimately support the allegation. Individuals are prohibited from knowingly filing a false complaint or making misrepresentations. If an investigation results in a finding that a person has willfully filed a bad faith report or made misrepresentations, the reporting party may be subject to appropriate sanctions.

9. Confidentiality

Any disclosures made or conflict management plans developed will be kept confidential to the fullest extent possible under applicable law and policy.

ANIMAL REGULATIONS

Pets are not permitted in any buildings of East Stroudsburg University. Service and emotional support animals are the only exception. Any exceptions must be approved by OASIS.

Confining a pet by chain, leash or other means (i.e. tied to a tree, railing, etc.) on the university grounds is prohibited. Allowing pets to run free on campus is also prohibited.

University Police are authorized to pick up any pets in violation of these rules. Such pets will be taken to the Monroe County SPCA shelter. The pet's owner is responsible for any costs incurred in this process.

These regulations complement existing state and local laws. Any

student who has a pet on campus in violation of these rules is subject to disciplinary action under the Student Code of Conduct.

DISCRIMINATION & HARASSMENT POLICY

East Stroudsburg University seeks to provide an academic and work environment that is free from discrimination and harassment against any person because of race, color, national origin, religion, sex, disability, age, sexual orientation, gender identity or veteran's status in accordance with applicable federal and state laws and regulations.

While the University is committed to the principles of free inquiry and free expression, discrimination and harassment identified in this policy is neither legally protected expression nor the proper exercise of academic freedom.

Discrimination and harassment are prohibited and subject to disciplinary action up to and including termination or expulsion from the University.

Any member of the University community who experiences discrimination or harassment prohibited under this policy should immediately report the incident to the Office of Diversity & Equal Opportunity.

In cases where an individual reports discrimination or harassment prohibited under this policy to an administrator, faculty member, or staff member, the person receiving the complaint should contact the Office of Diversity & Equal Opportunity immediately.

Note: Discrimination and harassment are currently prohibited under federal law by Titles IV, VI and VII of the Civil Rights Act of 1964, as amended, and Title IX of the Education Amendments of 1972 and under state law by the Pennsylvania Human Relations Act. Other statutes that may be involved in this area are the Americans with Disabilities Act and the Age Discrimination in Employment Act. Applicability of any of these statutes to the University is subject to future legislative or court actions.

Enforcement: The University will take action to prevent prohibited discrimination and harassment, including, if necessary and as appropriate, disciplining any individual whose behavior violates this policy.

Disciplinary action for violation of this policy may range from a disciplinary warning to expulsion or termination from the University.

Retaliation: No retaliatory action is to be taken against any person seeking advice, filing a complaint or serving as a witness or otherwise cooperating in an investigation of discrimination or harassment.

Any person found to have engaged in retaliatory action may be subject to discipline by the University.

Retaliation is considered a separate offense from the original complaint, regardless of the outcome of the original complaint.

Anyone who believes they have experienced retaliation should promptly contact the Office of Diversity & Equal Opportunity.

False Charges: Accusations of discrimination and harassment are serious matters. False accusations will not be tolerated and may result in disciplinary action independent of the outcome of a complaint.

The University may also take disciplinary action against someone who knowingly provides false information during the investigation of a complaint of discrimination or harassment.

Training: In keeping with the PASSHE Board of Governor's Policy 2009-03: [Social Equity](#), the University recognizes a mandatory obligation to conduct discrimination and harassment prevention training on a yearly basis for all employees, in addition to providing training for new student and employee orientations.

All faculty, staff, and administrators are required to participate in this training within 60 days of commencing employment and at least yearly thereafter.

Training will be available in both classroom format and online.

Additional Rights: Individuals are encouraged to use the procedures for filing a discrimination, harassment or sexual harassment complaint but are not required to do so and may choose to pursue other civil and legal options.

University employees may choose to pursue the complaint through their appropriate collective bargaining agreement grievance procedures.

Students and employees may choose to make use of the procedures of external agencies listed in the Procedures for Nondiscrimination and Harassment.

Managers are encouraged to pursue complaints through the merit principle procedures, set forth in PASSHE Board of Governors Policy 1983-01-A: [Merit Principles](#), before proceeding to an external agency.

The procedures for filing a discrimination, harassment or sexual harassment complaint are not intended to interfere with any legal rights provided under the statutes of the Commonwealth of Pennsylvania or the United States of America, or interfere with any rights an employee may have under their appropriate collective bargaining agreement.

For additional information or questions, contact the Office of Employee Relations and Workforce Diversity at 570-422-3656.

DRUG-FREE SCHOOLS AND CAMPUSES ACTS

The Federal Drug-Free Schools and Campuses Act Amendments of 1989 (Section 22, Drug Free Schools and Campuses) requires the university to provide students with information about drug policies, standards of conduct that prohibit illegal drug and alcohol use, a description of applicable legal sanctions, a description of drug or alcohol support services and a description of the health risks associated with the use of illicit drugs and the abuse of alcohol.

Various sections of this handbook address the requirements of the law, specifically, those sections listed under university policies: Narcotics and Drugs, Student Alcohol Policy, and under the Student Code of Conduct.

Drug use can directly affect a student's educational goals. Drugs interfere with the learning process by disrupting the brain's

ability to take in, sort out and synthesize information. Alcoholism and drug addiction are obvious health risks associated with drugs and alcohol. But students should note some other risks:

- Psychological dependency
- Mental health problems
- Stress
- Driving under the influence
- Causing physical injury to self and/or someone else because of the impairment
- Loss of self-control
- Distorted sense of reality
- Physical problems (hardening of the arteries, heart palpitations, cirrhosis of the liver, pancreatic cancer, brain disease, lung disease, loss of memory, irritation of the respiratory tract, nausea, dizziness, perception problems)

There are many drug and alcohol educational programs regularly scheduled on campus during the year. Internally, the university can provide students with counseling via the Counseling and Psychological Services Center and support services to combat their abuse problem. In addition, students who require more in-depth therapy are referred to local rehabilitation and treatment programs or are given information on services located near their home. Also, many agencies and programs within the local community offer assistance and support groups for alcohol and drug abuses. Some are Alcoholics Anonymous, Al-Anon, Drug and Alcohol Commission, and Narcotics Anonymous.

Nationally, there is the National Institute of Drug Abuse hotline, 800-662-HELP, or the website www.drughelp.org for up to date information and referral sources. Students must be aware of the legal ramifications of their actions related to drug and alcohol use.

The possession, use, or distribution of illicit drugs and alcohol at East Stroudsburg University is prohibited. Any violation of this policy can result in the person/persons involved being charged under applicable state and federal law as well as being disciplined by the university.

FERPA POLICY

In compliance with the [Federal Family Educational Rights and Privacy Act of 1974](#) (FERPA), as amended, a student's education records belong to the student. With respect to those education records, students are afforded certain rights including:

1. The right to examine education records pertaining to the student (with certain limited exceptions).

Students should submit any such request to the Student Enrollment Center in writing, identifying the records the student wishes to inspect. The Student Enrollment Center will make arrangement for access and notify the student of the time and place where the records may be inspected. The University Official will respond no later than 45 days of the day the University receives a request for access. Records that are customarily open for student inspection will be accessible without written request.

2. The right to request an amendment of the records that the student believes to be inaccurate or misleading.

Students should submit any such request to the Student Enrollment Center in writing, clearly identifying the records the student wants to have amended and specifying the reasons the record is believed to be inaccurate. The Registrar/designee will notify the student of its decision and, if the decision is negative, of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student at that time.

3. The right to restrict access to information identified by the institution to be "directory information" and therefore available to the public without permission from the student.

ESU will notify students annually of their rights to withhold directory information. Students wishing to restrict release of directory information must sign A FERPA Restriction Form in person at the Student Enrollment Center.

4. The right to extend third party access to education records to whomever is identified by the student in writing.

Students wishing to release education records to third parties must sign a FERPA Release Form and submit it to the Student Enrollment Center.

5. The right to control disclosures of their education records except, to the extent that FERPA authorizes disclosure without consent.

FERPA permits the disclosure of education records without a student's prior consent in certain limited circumstances, including to school officials with legitimate education interests, health or safety emergency non-consensual disclosures, grand jury and law enforcement subpoenas, law enforcement records, and INS disclosures (see definitions for "school official"). A school official has a "legitimate educational interest" if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

6. The right to file a complaint with the U.S. Department of Education concerning alleged failures by an educational institution to comply with the law. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department Of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

The following information has been designated as directory information and may be disclosed for official University purposes only without the student's prior consent under the conditions set forth in FERPA:

- student name, all addresses and all phone numbers
- all e-mail addresses
- place of birth
- all photographs
- major, dates of attendance, enrollment status (full-time, part-time), class year
- previous institutions
- awards, honors (including Dean's List), degrees conferred including dates
- past and present participation in officially recognized sports and activities
- physical factors (height and weight of student athletes)

East Stroudsburg University does not make directory information generally available to the public. East Stroudsburg University limits its release of directory information for official University purposes, e.g., (1) identifying athletic team members; (2) publishing names of scholarship recipients, graduation lists and Dean's Lists; (3) issuing academic awards; (4) verifying enrollment or degree status; and (5) providing such information to organizations that are officially affiliated with the University or with whom the University has a contractual relationship. See 34 C.F.R. §99.37 (d).

In compliance with the Act, ESU requires that all students, university faculty and staff, and affiliated entities receive an annual notification about the Family Educational Rights and Privacy Act (FERPA), ESU's policy to assure compliance, and required procedures.

All school officials are also required to complete annual update training on line and must certify intent to adhere with the [guidelines set forth by the University](#) in an effort to protect students' privacy.

HAZING POLICY

East Stroudsburg University of Pennsylvania (the "University") supports activities that are constructive, educational, and contribute to the intellectual and personal development of its students and other individuals. Therefore, the University prohibits hazing within the University community. Any person participating in, suffering from or witnessing an act in violation of this policy is encouraged to report the incident in a timely manner to either ESU Police Department or the Office of Student Conduct and Community Standards.

The University defines hazing as: intentionally, knowingly or recklessly, for the purpose of initiating, admitting or affiliating a minor or student into or with an organization, or for the purpose of continuing or enhancing a minor or student's membership or status in an organization, causes, coerces or forces a minor or student to do any of the following:

1. Violate federal or state criminal law
2. Consume any food, drink, alcoholic liquid, drug or other substance that subjects the minor or student to a risk of emotional or physical harm

3. Endure brutality of a physical nature, including whipping, beating, branding, calisthenics or exposure to the elements
4. Endure brutality of a mental nature, including activity adversely affecting the mental health or dignity of the individual, sleep deprivation, exclusion from social contact or conduct that could result in extreme embarrassment
5. Endure brutality of a sexual nature
6. Endure any other activity that creates a reasonable likelihood of bodily injury to the minor or student.

LIFE SAFETY POLICY

This policy is the foundation for a written health and safety program that establishes a safe environment for the campus community. All students, employees, faculty, staff, contractors and visitor's will respond to any actual, suspected or training event on University grounds with the highest regard for their safety, as well as for the safety of all.

MEDICAL AMNESTY

The University provides amnesty from East Stroudsburg University Code of Conduct charges if deemed applicable. It in no way extends amnesty from civil or criminal charges brought by local, state, or federal law officers (including University Police).

Underage Drinking

In 2011, an amendment to Pennsylvania Law 18 Pa. C.S. (Crimes and Offenses) added a subsection to Section 6308 creating immunity from prosecution for a person under the age of 21 for the possession or consumption of alcoholic beverages if law enforcement, including University Police, become aware of the possession or consumption solely because the individual was seeking assistance for someone else. The person seeking assistance must reasonably believe he/she is the first to call for assistance, must use his/her own name with authorities, and must stay with the individual needing medical assistance until help arrives. Students seeking immunity from prosecution under this subsection of the law must contact the law enforcement agency that issued the citation for their consideration of the matter.

Drug Overdose

In 2014, the governor signed an amnesty law for drug overdoses. It applies to the person experiencing the drug overdose event as well as the person initiating a request for help when witnessing a drug overdose. The immunity law applies to the following circumstances: Police ONLY discover the drug overdose because the person is transported for help or treatment.

OR

Immunity applies if ALL of the following apply:

- The caller seeking help made the report reasonably believing that another person needed immediate medical attention to prevent death or serious injury due to drug overdose.
- The caller provided his/her own name and location and cooperated with law enforcement and
- The caller remains with the person needing immediate medical attention until police arrive.

Philosophy

The health and safety of East Stroudsburg University community members is a primary concern.

Students need to seek immediate medical attention for themselves or others when someone's health and/or safety are at risk.

Students may be reluctant to seek assistance for him/herself or someone else for fear of being held responsible for Code of Conduct violations.

East Stroudsburg University seeks to remove barriers that prevent students from seeking necessary medical attention.

Guidelines

Students who seek emergency medical attention for themselves related to the use of alcohol and/or drugs will not be charged with violation of the ESU Code of Conduct provided that the student subsequently completes an appointment with the Counseling & Psychological Services (CAPS) and adheres to any recommended treatment. The Office of Student Conduct & Community Standards will set the timeline for completion. Failure to complete this evaluation and treatment compliance may result in Code of Conduct charges being filed.

Students who seek emergency medical attention for someone else related to the use of alcohol and/or drugs will not be charged with violation of the ESU Code of Conduct provided that the student subsequently completes an appointment with the Counseling & Psychological Services (CAPS) and adheres to any recommended treatment. The Office of Student Conduct & Community Standards will set the timeline for completion. Failure to complete this evaluation and treatment compliance may result in Code of Conduct charges being filed.

This policy applies only to students who seek emergency medical attention in connection with an alcohol and/or drug-related medical emergency. It does not apply to an individual experiencing an alcohol and/or drug-related medical emergency who is found by a University employee.

The East Stroudsburg University Medical Amnesty Policy is not intended to shield or protect a student who repeatedly violates the Code of Conduct. In cases where repeated violations occur, the University reserves the right to take conduct action on a case-by-case basis regardless of the manner in which the incident was reported. Additionally, the University reserves the right to adjudicate any case in which the violations are egregious.

The Office of Student Conduct & Community Standards reserves the right to contact any student to discuss an incident whether or not the East Stroudsburg University Medical Amnesty Policy is in effect.

** For assistance in an emergency situation, dial 911 or contact the East Stroudsburg University Police at 570-422-3064.

NARCOTICS AND DRUGS

The administration of the university fully supports the established laws regarding the use of narcotics and drugs. It is in no position to condone any violation of such laws. The Code of Conduct accepted by the academic community makes this very clear. Because drug problems are often complex, the university will make every effort to help students with such problems. Students may go to the Counseling and Psychological Services Center secure that their confidence will

be held by the staff. However, students must remember that drug problems discovered in the normal course of administrative operations will be treated as disciplinary matters.

The university will not be a haven for illegal drug use or trafficking in drugs. The university will not ordinarily involve other law enforcement agencies in solving its own problems in such matters, but it certainly will seek assistance from these agencies should a particular drug problem become serious, particularly that of trafficking in illegal drugs. By the same token, students should understand that the university administration will not interfere with any law enforcement agency which feels it must come on campus to resolve unlawful activity.

The administration of the university asks that all members of the academic community accept their responsibilities within the framework of established laws. This will help avoid serious problems for the academic community, especially students.

OFF-CAMPUS STUDENT ADDRESS REQUIREMENT

Students are required to provide local off-campus addresses and telephone numbers to Student Enrollment Center/Records and Registration. The university has developed a local address and telephone registry to improve communications and provide service to off-campus students. The university depends on local directory information for faculty/staff contact and contacting students in an emergency.

POSTING AND CHALKING POLICY

The Posting and Chalking policy regulates the display of signs, posters, notices and banners affixed on university-owned or operated property and on property under the ownership and/or supervision of its affiliates.

Nothing in this policy is intended to infringe on the first amendment rights guaranteed by the Commonwealth and United States constitutions.

Individuals or groups found in violation of this policy, where cleaning entails a cost, may be charged for such cleaning/repair. Individuals or groups who engage in unauthorized graffiti may be charged for cleanup, in addition to being subjected to discipline or sanctions on a case by case basis.

Indoor Signs

- Bulletin boards in campus facilities are limited to postings related to the academic departments, administrative departments or student activity programs where the Bulletin Boards are located and, where space is available, other activities sponsored by the University, student organizations or University affiliates. Bulletin boards are not public forums.
- Posting of signs and posters within university buildings is prohibited except on bulletin boards provided for the purpose. Postings not on building boards, e.g. on walls, door (especially glass doors), hallways and elevators may be removed by the University except that signs may be used on office doors to announce office hours or post urgent announcements related to change of venue.

Additionally, faculty members may place signs on their office doors to serve as message boards.

- All signs and posters must bear the name of the sponsoring department or student organization.
- Only ONE sign or poster per board is permitted for a particular announcement, promotion or advertisement; duplicates may be removed.

Electronic Sign Boards

- Departments, groups or individuals are strongly encouraged to use electronic sign boards installed in buildings for publicizing events and other university wide-announcements. All such requests should be made to the Director of Web Services/Webmaster ahead of the event, to allow for processing.

Outdoor Signs

- Outdoor signs may only be erected by the Facilities Management Department, Conference Services staff, University Police or Office of Admissions when applicable; and with the prior permission of the Director of Parking or his/her designee for the purpose of providing directions to or managing traffic and parking associated with an on campus event sponsored or authorized by the University, a student organization or an affiliate.
- Commercial or political signs are not permissible on campus. An exception to this rule is the area outside Lower Dansbury, which on Election Day, may be used to post names of political candidates.
- Outdoor signs must never be placed in a manner where they become an obstruction for pedestrian or wheel chair bound individuals or cause problems with traffic circulation.

Leafletting and other signage- except as needed by the department of public safety

- Placement of leaflets/flyers or any literature on cars parked on campus is prohibited.
- Affixing any signs on light fixtures, permanent sign posts, trees, bus shelters, and trash containers is prohibited.

PREFERRED NAME POLICY

East Stroudsburg University recognizes that many students use a first or middle name other than their legal name. As long as the use of a preferred first and/or middle name is not for the purpose of misrepresentation, the university acknowledges that a preferred first and/or middle name may be used in the course of university business and education.

Therefore, the university will permit a student who wishes to identify him/herself within the university's information systems with a preferred first and/or middle name in addition to their legal name. Preferred last names do not apply to this policy.

It is further understood that the student's preferred first and/or middle name should be used in university communications and reporting, **except where the use of the legal name is necessitated by university business or legal requirement.** Examples of records showing a legal name include official transcripts, degree audits, commencement brochures, degree certificates, financial records, W-2 forms, enrollment data, financial aid documents, paychecks and mailing information. To change the name on official records, a student must make a legal name change and then inform the university. A student's legal name will be displayed on official transcripts, enrollment verifications, diplomas, third party database systems, and all external communications.

The preferred first and/or middle name cannot be changed more than once an academic year and twice during a student's tenure at ESU. The student must return the completed [Preferred Name Request Form](#) in person at the Student Enrollment Center. If a student is not able to return the Preferred Name Request Form in person, a completed, notarized form will be accepted.

THE ABILITY TO USE A PREFERRED NAME IS NOT A RIGHT; IT IS A LIMITED ACCOMMODATION OF A PREFERENCE. THE UNIVERSITY WILL NOT ACCEPT PREFERRED NAMES THAT USE PROFANITY OR HAVE THE EFFECT OF MOCKERY. The option to use the preferred first and/or middle name may be modified, changed, altered, or rescinded at the discretion of East Stroudsburg University.

Preferred first names will be used in the following systems and records: Student Identification Cards, Online Directory, Official Student Email Display Name, Class and Grade Rosters (for students taking courses), Diploma, Housing Rosters, D2L, Banner, WarriorFish, Press Releases, Social Media Sites, Other Venues, as appropriate

Legal names will continue to be used for official University records including, but not limited to the following: Academic Transcripts, Financial Aid and Scholarship Documents, Degree Verification/Audit.

Legal documents and reports produced by the University, Student Account Statement (bills), Enrollment Verifications, Degree Verifications, Student Employment Documents, Employment Verifications, Employment Documents, Paychecks, W2s and other payroll documents, Student Medical Records

Reason for Policy:

To provide a limited accommodation for students who prefer to use a first and/or name other than their legal name. The University recognizes that some members use first and/or middle names other than their legal names to identify themselves, this option has been developed to respond to the needs of some international students, transgender students and others who choose the use of a preferred name for other reasons.

As long as the use of this different first and/or middle name is not for the purposes of misrepresentation, the university acknowledges that a "preferred name" may be used where possible in the course of University business and education.

Appeal Statement:

Students who feel their preferred first name change was denied unjustly may file an appeal with the Vice President of Campus Life & Inclusive Excellence.

Definitions:

Legal Name – A person's legal name is the name they use for official governmental documents, such as licenses, passports, and tax forms.

Preferred Name – A preferred first name is defined as an alternative to the individual's legal name as designated by the individual in university systems.

Academic Year – The Fall and Spring semesters, does not include winter and summer sessions.

SEIZURE OF CONTRABAND

The university has the right to seize any contraband found on campus.

SEXUAL HARASSMENT

1. **Purpose of Policy**

Title IX of the Education Amendments of 1972 prohibits any person in the United States from being discriminated against on the basis of sex in seeking access to any educational program or activity receiving federal financial assistance. The U.S. Department of Education, which enforces Title IX, has long defined the meaning of Title IX's prohibition on sex discrimination broadly to include various forms of sexual harassment and sexual violence that interfere with a student's ability to equally access educational programs and opportunities.

On May 19, 2020, the U.S. Department of Education issued a Final Rule under Title IX of the Education Amendments of 1972 that:

- Defines the meaning of "sexual harassment" (including forms of sex-based violence) that are reflected in the definitions of Regulatory Quid Pro Quo, Regulatory Hostile Environment Sexual Harassment, Regulatory Dating Violence, Regulatory Domestic Violence, Regulatory Sexual Assault and Regulatory Stalking included as Regulatory Prohibited Conduct under this Policy

- Addresses how the University must respond to reports of misconduct falling within the definitions of Regulatory Prohibited Conduct under this Policy, and
- Mandates a grievance (or resolution) process the University must follow before issuing disciplinary sanctions against a person accused of Regulatory Prohibited Conduct under this Policy.

In addition to federal legislative requirements, Act 16 of 2019 of the General Assembly of Pennsylvania requires all postsecondary institutions in the Commonwealth of Pennsylvania to adopt a clear, understandable written policy on sexual harassment and sexual violence that informs victims of their rights under federal and state law, including the crime victims bill of rights.

2. Prohibited Behaviors

The University prohibits all Sexual Misconduct Violations, as defined in this Policy. This prohibited conduct can affect all genders, gender identities and sexual orientations. Some of these prohibited forms of conduct may also be crimes under Pennsylvania or federal law.

The University will promptly and equitably respond to all reports of sexual misconduct in order to eliminate the misconduct, prevent its recurrence, and redress its effects on any individual or the community.

3. Title IX, VAWA and Nondiscrimination

The University prohibits any form of discrimination or harassment on the basis of sex, race, color, age, religion, national or ethnic origin, sexual orientation, gender identity or expression, pregnancy, marital or family status, medical condition, genetic information, veteran status, or disability in any decision regarding admissions, employment, or participation in a University program or activity in accordance with the letter and spirit of federal, state, and local non-discrimination and equal opportunity laws, such as Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, the Age Discrimination in Employment Act, the Americans with Disabilities Act and ADA Amendments Act, the Equal Pay Act, and the Pennsylvania Human Relations Act.

The University also complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crimes Statistics Act, as amended by the Violence Against Women Act (VAWA). Title IX prohibits retaliation for asserting or otherwise participating in claims of sex discrimination. VAWA imposes additional duties on universities and colleges to investigate and respond to reports of sexual assault, stalking, and dating or domestic violence, and to publish policies and procedures related to the way these reports are handled. The University has designated the Title IX Coordinator with the assistance of Deputy Title IX Coordinators to coordinate the University's compliance with Title IX and VAWA and to respond to reports of violations. The University has directed the Title IX Coordinator to coordinate the University's compliance with the VAWA-related Clery reporting requirements.

4. Statement on Privacy and Confidentiality

The University is committed to protecting the privacy of all individuals involved in a report of sexual misconduct. Every effort will be made to protect the privacy interests of all individuals involved. Privacy, confidentiality and privilege have distinct meanings under this Policy.

Privacy generally means that information related to a report of sexual misconduct will only be shared with a limited circle of individuals, including individuals who "need to know" in order to assist in the review, investigation, or resolution of the report or to deliver resources or support services. While not bound by confidentiality or privilege, these individuals will be discreet and respect the privacy of all individuals involved in the process. All participants in an investigation of sexual misconduct under this Policy, including Advisors and Witnesses, will be informed that privacy helps enhance the integrity of the investigation and protect the privacy interests of the parties, however, nothing in this Policy is intended to impose restraints on a party's ability to discuss the allegations under investigation or to gather and present evidence as part of the resolution process.

Certain individuals are designated as having confidentiality. For reports made to employees designated with having confidentiality, the University will respect the reporting party's expectations of privacy to the extent permissible by law while still ensuring compliance with other reporting obligations. For example, reports involving minors are subject to mandatory reporting requirements. Individuals designated as having confidentiality are required to report the nature, date, time and general location of an incident to the Title IX coordinator. Individuals designated as having confidentiality will not share other information with the Title IX Coordinator or any other employee of the University without the express permission of the disclosing party. Individuals designated as having confidentiality can provide information about the University and off-campus resources, support services and other options. As noted above, because of the confidential nature of these resources, disclosing information to or seeking advice from a confidential resource does not constitute a report or Formal Complaint to the University and will not result in a response or intervention by the University. A person consulting with a confidential resource may decide to make a report to the University and/or law enforcement.

<https://www.esu.edu/counseling/index.cfm>

Communication with certain individuals may be privileged by operation of law and reports made to these individuals will not be shared with the University Title IX Coordinator or law enforcement except in very limited situations, such as when failure to disclose the information would result in imminent danger to the individual or to others or as otherwise required by law.

All University proceedings are conducted in compliance with the requirements of the Family Educational Rights and Privacy Act (FERPA), the Clery Act, Title IX of the Education Amendments of 1972 ("Title IX"), Violence Against Women Act (VAWA), state and local

law, and University policy. No information will be released from such proceedings, except as required or permitted by law and University policy.

The University may share non-identifying information about reports received in aggregate form, including data about outcomes and Disciplinary Sanctions.

5. Disability Accommodations

This Policy does not alter any obligations of the University under federal disability laws including the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. Parties may request reasonable accommodations for disclosed disabilities to the Title IX Coordinator at any point before or during the resolution process that do not fundamentally alter the process. The Title IX Coordinator will not affirmatively provide disability accommodations that have not been specifically requested by the Parties, even where the Parties may be receiving accommodations in other University programs and activities.

<https://www.esu.edu/oasis/index.cfm>

6. Free Expression and Academic Freedom

The University is firmly committed to free expression and academic freedom and to creating and maintaining a safe, healthy, and harassment-free environment for all members of its community. Sexual misconduct, including retaliation, against members of the University is not protected expression nor the proper exercise of academic freedom. The University will consider principles of free expression and academic freedom in the investigation of reports of sexual misconduct or retaliation that involve an individual's statements or speech.

7. Alcohol and Drug Use Amnesty for Students

The health and safety of every student at the University is of utmost importance. The University recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time sexual misconduct occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. The University strongly encourages students to report incidents of sexual misconduct. A witness to or individual who experience sexual misconduct, acting in good faith, who discloses any incident of sexual misconduct to University officials or law enforcement will not be sanctioned under the University's Student Code of Conduct] for violations of alcohol and/or drug use policies occurring at or near the time of the incident(s) of sexual misconduct. The University may require the individual attend an approved alcohol or drug education program and without assessing any charges for such program. Amnesty does not preclude or prevent action by police or other legal authorities pursuant to relevant state or federal criminal statutes.

8. Scope of Policy

This policy applies to all on campus and off-campus conduct that is likely to have a substantial adverse effect on any member of the University community. There is no time limit for reporting allegations of sexual misconduct, however, the University strongly

encourages the prompt reporting of sexual misconduct to allow the University to respond promptly and effectively. If the reported Respondent is not a member of the University community or is no longer associated with the University at the time of the report or at the time a resolution process is initiated, the University may be unable to investigate or take disciplinary action and may be required to dismiss the Formal Complaint for a lack of jurisdiction. See the Jurisdiction and Dismissals section.

Please see the Reporting Sexual Misconduct section below for more information on how and where to report misconduct, discrimination and/or harassment, or to file a Formal Complaint.

9. Burden of Proof

The burden of proof refers to who has the responsibility of showing a violation has occurred. It is always the responsibility of the University to satisfy the burden of proof. The Respondent does not have the burden to prove that a violation did not occur. Respondents may decide not to share their side of the story or may decide not to participate in an investigation or hearing. This does not shift the burden of proof away from the University and does not indicate responsibility. Additionally, Decision-Maker(s) shall not make an adverse inference against a Respondent for the Respondent's refusal to participate in an investigation or hearing, nor will Respondent's refusal to participate result in increased sanctions if the Respondent is found responsible for the violation(s).

10. Standard of Proof

Consistent with requirements set forth in the Pennsylvania Code pertaining to student disciplinary due process requirements, the University will use the preponderance of the evidence standard in investigations of formal complaints alleging sexual misconduct violations under this Policy. This means that the individual(s) charged with making a finding must determine whether it is more likely than not that a violation of the Policy occurred.

11. Effective Date

Based on the Final Rule, this Policy will be effective August 14, 2020.

12. Impact on other policies or processes

As used in this Policy, sexual misconduct may also encompass criminal conduct under Pennsylvania and/or federal law. Additionally, sexual misconduct under this Policy may result in civil and/or administrative or legal consequences.

I. SEXUAL MISCONDUCT DEFINITIONS

1. **Dating Violence** – (as defined in the Violence Against Women Act (VAWA) amendments to the Clery Act) includes any violence committed by a person: (A) who is or has been in a social relationship of a romantic or intimate nature with the Complainant; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) the length of the relationship; (ii) the type of relationship; and (iii) the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of

such abuse. Dating violence does not include acts covered under the definition of Domestic Violence.

Dating Violence is categorized as Regulatory when it occurs in the United States, within an Education Program or Activity and when the Complainant is participating or seeking to participate in an Education Program or Activity at the time of the filing of the complaint. Otherwise, Dating Violence will be categorized as Non-Regulatory.

2. **Domestic Violence** – (as defined in the VAWA amendments to the Clery Act), includes any violence committed by a current or former spouse or intimate partner of the Complainant, by a person with whom the Complainant shares a child in common, by a person who is cohabitating with or has cohabitated with the Complainant as a spouse or intimate partner, by a person similarly situated to a spouse of the Complainant under Pennsylvania’s domestic or family violence laws or by any other person against an adult or youth Complainant who is protected from that person’s acts under the domestic or family violence laws of Pennsylvania.

Domestic Violence is categorized as Regulatory when it occurs in the United States, within an Education Program or Activity and when the Complainant is participating or seeking to participate in an Education Program or Activity at the time of the filing of the complaint. Otherwise, Domestic Violence will be categorized as Non-Regulatory.

A finding of retaliation under this Policy is not dependent on a finding that the underlying sexual misconduct occurred.
4. **Sexual Assault** – (As defined in the Clery Act) – This includes any sexual act directed against another person, without the Consent of the Complainant, including instances where the Complainant is incapable of giving Consent. Sexual Assault may be one of the following categories:

- C. **Statutory Sexual Assault** – The age of consent for sexual activity in Pennsylvania is 16. Minors under the age of 13 cannot consent to sexual activity. Minors aged 13-15 years old cannot consent to sexual activity with anyone who is 4 or more years older than they are at the time of the activity. Minors aged 16 years of age or older can legally consent to sexual activity, as long as the other person does not have authority over them as defined in Pennsylvania’s institutional sexual assault statute.

Sexual Assault is categorized as Regulatory when it occurs in the United States, within an Education Program or Activity and when the Complainant is participating or seeking to participate in an Education Program or Activity at the time of the filing of the complaint. Otherwise, Sexual Assault will be categorized as Non-Regulatory.

9. **Regulatory Hostile Environment Sexual Harassment** - Unwelcome conduct, on the basis of sex, that a reasonable person would determine is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the University's Education Program or Activity.
10. **Non-Regulatory Hostile Environment Sexual Harassment** - Unwelcome conduct, on the basis of sex, that a reasonable person would determine is sufficiently severe, pervasive, and objectively offensive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefitting from any educational, employment, social or residential program in offered connection with the University.
11. **Stalking** – (as defined in the VAWA amendments to the Clery Act) means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—
 - A. fear for their safety or the safety of others; or
 - B. suffer substantial emotional distress.

A course of conduct is when a person engages in two or more acts that include, but are not limited to, acts in which the person directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveys, threatens, or communicates to or about a person in a prohibited way, or interferes with a person's property.

Stalking includes the concept of cyberstalking, in which electronic media such as the Internet, social networks, blogs, cell phones, texts, email or other similar devices or forms of contact are used to pursue, harass, or to make unwelcome contact with another person in an unsolicited fashion.

Consent is not present when it is the result of coercion, intimidation, force, or threat of harm.

Consent is not present when an individual is incapacitated due to alcohol, drugs, or sleep, or otherwise without capacity to provide Consent due to intellectual or other disability or other condition. Consent can be withdrawn at any time and consent to one form of sexual activity is not necessarily consent to other forms of sexual activity.

When alcohol is involved, incapacitation is a state beyond drunkenness or intoxication. When drug use is involved, incapacitation is a state beyond being under the influence of or impaired by the use of the drug. Alcohol and other drugs impact each individual differently. Determining whether an individual is incapacitated requires an individualized determination. When determining whether a person has the capacity to provide Consent, the University will consider whether a sober, reasonable person in the same position knew or should have known that the other party could or could not consent to the sexual activity.

When determining whether Consent has been provided, all the circumstances of the relationship between the parties will be considered.

22. **Witness** – A person who has knowledge related to specific aspects of a case and may have reported such aspects to the institution.

III. REPORTING SEXUAL MISCONDUCT

Any individual, including a third party, may make a report concerning sexual misconduct. 3. **Filing a Formal Complaint**

The timeframe for the Sexual Misconduct Resolution Process under this Policy begins with the filing of a Formal Complaint and will be concluded within a reasonably prompt manner, and usually no longer than 90 days after the filing of the Formal Complaint, provided that the Process may be extended for a good reason, as set forth more fully in the Continuances and Granting Extensions section. Appeals may extend the timeframe for resolution.

To file a Formal Complaint, a Complainant must provide the Title IX Coordinator a written, signed complaint describing the facts alleged.

If a Complainant does not wish to make a Formal Complaint, the Title IX Coordinator may determine a Formal Complaint is necessary. The University will inform the Complainant of this decision in writing, and the Complainant need not participate in the process further, but will receive all notices issued under this Sexual Misconduct Resolution Process. **PLEASE NOTE:** The Title IX Coordinator does not lose impartiality solely due to signing a Formal Complaint.

A Complainant who files a Formal Complaint may elect, at any time, to address the matter through the Informal Resolution Process (see the Informal Resolution section below).

4. Criminal Reporting Options

A Complainant may also seek to initiate a criminal complaint, independent of or parallel with any report made to the University.

East Stroudsburg University Campus Police
Hemlock Suites, Smith Street, Ground Floor
(570) 422-3064 or 911

Pennsylvania State Police
2730 Rimrock Drive
Stroudsburg, PA 1860
(570) 619-6800

PLEASE NOTE: The University's policy, definitions, and burden of proof may differ from Pennsylvania criminal law. Neither law enforcement's decision whether to prosecute, nor the outcome of any criminal prosecution, is determinative of whether sexual misconduct has occurred under this Policy. In cases where there is a simultaneous law enforcement investigation, there may be circumstances when the University may need to temporarily delay its investigation while law enforcement gathers evidence. However, the University will generally proceed with Formal Complaint even during the time of a pending law enforcement investigation.

The University may not be informed of reports made with law enforcement agencies.

5. External Reporting Options

A person may also file a complaint with the U.S. Department of Education's Office for Civil Rights regarding an alleged violation of Title IX by calling 1-800-421-3481 : 1-877-521-2172 TTY or emailing OCR.Philadelphia@ed.gov or visiting <https://www2.ed.gov/about/offices/list/ocr/complaintintro.html>.

A person may also file a complaint with the Pennsylvania Human Relations Commission by calling 717-787-9780 for the Harrisburg Regional Office; 412-565- 5395 for the Pittsburgh Regional Office; or 215-560-2496 for the Philadelphia Regional Office; or by visiting <https://www.phrc.pa.gov/Pages/default.aspx>.

Employees may also file a charge with the Equal Employment Opportunity Commission regarding an alleged violation of Title VII by calling 1-800-669-4000 or visiting <https://www.eeoc.gov/employees/howtofile.cfm>.

The University may not be informed of reports made with external agencies.

6. Truthfulness

All participants in the reporting and resolution processes have the responsibility to be truthful with the information they share at all stages of the process. A report of a violation under this Policy is not considered a bad faith report merely because the evidence does not ultimately support the allegation. Individuals are prohibited from knowingly making a false report, filing a false Formal Complaint or making misrepresentations. If an investigation results in a finding that a person has willfully filed a bad faith report, filed a false Formal

Complaint or made misrepresentations as part of the reporting or resolution process, the person may be subject to appropriate Disciplinary Sanctions under the Code of Conduct in the case of Students or other relevant University policy and collective bargaining agreements in the case of Officials, Employees or Volunteers.

7. Multiple Party Complaints

The Title IX Coordinator may consolidate Formal Complaints involving multiple parties where the allegations of sexual misconduct arise from the same facts or circumstances; in such consolidated matters, the Sexual Misconduct Resolution Process applies to more than one Complainant and/or more than one Respondent, but each party is still an "individual" and not a group or organization. The decision of the Title IX Coordinator to consolidate Formal Complaints is not subject to appeal.

IV. UNIVERSITY REPORTING OBLIGATIONS

1. Mandated Reporting Obligations of University Officials, Volunteers and Employees

All University Officials, Volunteers and Employees (including student employees) are obligated to report incidents of sexual misconduct of which they become aware to the Title IX Coordinator/designee, unless: 1) they serve in a role that makes such reports privileged or are recognized as providing a confidential resource (see Statement on Privacy and Confidentiality); or 2) they are a faculty member and learn of the report from a student during a classroom discussion, in a writing assignment for a class, or as part of a University-approved research project.

PLEASE NOTE: These reporting exceptions do not apply to reports of sexual misconduct involving an individual who was, or is, a child (a person under 18 years of age) when the abuse allegedly occurred. When a report involves suspected abuse of a child (an individual under the age of 18 at the time of the incident(s) as reported), all the University Employees, Officials and Volunteers are required to notify the University police and the ChildLine run by the Pennsylvania Department of Human Services (1-800-932-0313). All other members of the University community are strongly encouraged to report suspected child abuse to law enforcement or the ChildLine.

University Employees designated as Campus Security Authorities (CSAs) under the Clery Act are required to report certain crimes for federal statistical reporting purposes.

2. University Obligations Regarding Timely Warnings

Parties reporting Sexual Assault, Domestic Violence, Dating Violence, and/or Stalking should be aware that under the Clery Act, the University must issue timely warnings for reported incidents that pose a serious or continuing threat of bodily harm or danger to members of the campus community. If a report of sexual misconduct discloses a serious or immediate threat to the campus community, the University will issue a timely notification to the community to protect the health or safety of the community. The timely notification will not include any identifying information about the Complainant.

V. JURISDICTION AND DISMISSALS

In certain circumstances where violations defined under the Final Rule as Regulatory Prohibited Conduct (Regulatory Quid Pro Quo, Regulatory Hostile Environment Sexual Harassment, Regulatory Dating Violence, Regulatory Domestic Violence, Regulatory Sexual Assault and Regulatory Stalking) do not meet jurisdictional requirements, the University must dismiss those allegations contained in the Formal Complaint.

In certain circumstances the Title IX Coordinator may dismiss a Formal Complaint, or any specific allegations raised in the Formal Complaint at any time during the investigation or hearing.

Any Party may appeal a dismissal determination. See the Determining Jurisdiction and Mandatory Dismissal for Certain Allegations under the Sexual Misconduct Resolution Process Section.

EMERGENCY REMOVAL FOR STUDENTS

1. The University retains the authority to remove a Respondent from its Education Programs or Activities on an emergency basis. This action is also referred to as an emergency removal.
2. Before imposing an emergency removal on a student Respondent, the University will:
 - A. undertake an individualized safety and risk analysis; and
 - B. determine that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of covered sexual misconduct justifies a removal.
3. If the University imposes an emergency removal on a student Respondent, the University will provide the Respondent with notice and an opportunity to challenge the decision immediately following the removal.
 - A. The University will provide written notice of the emergency removal and applicable charges.
 - B. The University will provide an opportunity for the Respondent to appeal that decision to an appropriate Hearing Officer or designee within 10 days of the imposition of the emergency removal.
 - C. The designated University Hearing Officer will hear the evidence and determine whether there is sufficient evidence to support the conclusion that the Respondent poses an immediate threat to the physical health or safety of any student or other individual arising from the allegations of covered sexual misconduct and that, based on that threat, removal is the appropriate course of action.
4. If the University learns of evidence that demonstrates that the emergency action is no longer justified after the emergency removal is imposed against a student Respondent, the University will take prompt action to rescind the emergency removal.

5. All emergency removals will also comply with requirements under Chapter 505 of Title 22 of the Pennsylvania Code concerning Student Personnel.

VI. ADMINISTRATIVE LEAVE FOR EMPLOYEES

The University retains the authority to place Employees on administrative leave consistent with applicable requirements of relevant University policies and collective bargaining agreements.

VII. INFORMAL RESOLUTION PROCESS

Informal means of resolution, such as mediation, may be used as an alternative to the formal investigation and hearing procedures. Informal resolution is a voluntary process and may be used only where a Formal Complaint has been filed. Upon written agreement of all parties, informal resolution may be initiated at any time prior to finding of responsibility in a hearing, and may be terminated at any time prior to final resolution. If the informal process is terminated, the Sexual Misconduct Resolution Process, which includes an investigation and hearing, will proceed. Once a final resolution has been reached and documented and signed by all parties, the resolution cannot be appealed.

Informal resolution may not be utilized when a Student files a Formal Complaint against a University Employee, Volunteer or Official under this Policy. More information on Informal Resolution processes is available through the Title IX Office.

VIII. SEXUAL MISCONDUCT RESOLUTION PROCESS

1. **Formal Complaint**

The Sexual Misconduct Resolution Process is initiated by a Complainant providing the Title IX Coordinator a written, signed Formal Complaint describing the facts alleged. See the section titled Filing a Formal Complaint above.

2. **Notice of Allegations**

The Title IX Coordinator will draft and provide a written Notice of Allegations to any Party alleged to have violated this Policy. Such notice will occur as soon as practicable, but no more than 10 days, after the University receives a Formal Complaint of the allegations, if there are no extenuating circumstances.

The Notice of Allegations will include the following:

- A. Notice of the University's Sexual Misconduct Resolution Process including any Informal Resolution process and a hyperlink to a copy of the process.
- B. Notice of the allegations potentially constituting violations(s) of any University policy, and sufficient details known at the time the Notice of Allegations is issued, such as the identities of the parties involved in the incident, if known, including the Complainant; the conduct allegedly constituting a policy violation; and the date and location of the alleged incident, if known.
- C. A statement that the Respondent is presumed not responsible for the alleged conduct and that a

determination regarding responsibility is made at the conclusion of the hearing.

- D. A statement that the Parties may have an Advisor of their choice.
- E. A statement that before the conclusion of the investigation, the Parties may inspect and review evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the University does not intend to rely in reaching a determination regarding responsibility, and evidence that both tends to prove or disprove the allegations, whether obtained from a Party or other source.
- F. Individuals are prohibited from knowingly filing a false report or making misrepresentations. If, following an investigation and hearing as appropriate under applicable policy, a person is found to have willfully filed a bad faith report or made misrepresentations as part of a resolution process, the party may be subject to appropriate Disciplinary Sanctions under the Code of Conduct in the case of Students or other relevant University policy in the case of Officials, Employees or Volunteers.

The Parties will be notified by their University email accounts if they are a Student or Employee, and by other reasonable means if they are neither. The University will provide sufficient time for the Parties to review the Notice of Allegations and prepare a response before any initial interview.

3. Determining Jurisdiction and Mandatory Dismissal for Certain Allegations

For alleged violations of Regulatory Prohibited Conduct (Regulatory Quid Pro Quo, Regulatory Hostile Environment Sexual Harassment, Regulatory Dating Violence, Regulatory Domestic Violence, Regulatory Sexual Assault and Regulatory Stalking) the following elements will be determined in the reasonable determination of the Title IX Coordinator:

- A. The conduct is alleged to have occurred in the United States;
- B. The conduct is alleged to have occurred in the University's Education Program or Activity; and
- C. The alleged conduct, if true, would constitute covered Regulatory Prohibited Conduct, as defined in this Policy.

If all of the elements are met, the University will investigate the allegations under the processes set forth in this Policy. If any one of these elements is not met, the Title IX Coordinator will notify the parties the specific allegation contained in the Formal Complaint does not meet the required jurisdictional requirements under the Final Rule and is being dismissed. Any Party may appeal a dismissal using the process set forth in the Appeals section below. Dismissal

of any violations constituting Regulatory Prohibited Conduct will not affect the University's ability to proceed with an investigation of charges categorized as Non-Regulatory or other charges under this Policy or any other University Policy.

4. Discretionary Dismissals for All Allegations

The Title IX Coordinator may dismiss a Formal Complaint brought under this Policy, or any specific allegations raised within that Formal Complaint, at any time during the investigation or hearing, if:

- A. A Complainant notifies the Title IX Coordinator in writing that they would like to withdraw the Formal Complaint or any allegations raised in the Formal Complaint;
- B. The Respondent is no longer enrolled in, associated with or employed by the University; or,
- C. If specific circumstances prevent the University from gathering evidence sufficient to reach a determination regarding the Formal Complaint or allegations within the Formal Complaint.

Any Party may appeal a dismissal using the process set forth in the Appeals section below.

5. Allegations Potentially Falling Under Two Policies

If a Formal Complaint against a Respondent who is a Student contains allegations of a violation of any of the listed Sexual Misconduct Violations in this Policy, as well as any other violation in the Student Code of Conduct, the Sexual Misconduct Resolution Process set forth in this Policy will be applied in the investigation and adjudication of all of the allegations. If all of the alleged Sexual Misconduct Violations of this Policy are dismissed, and the remaining underlying allegations, if true, would violate another University policy or the University's Student Code of Conduct, the matter may be referred for further action by the University's [Office of Student Conduct and Community Standards], as appropriate.

If a Formal Complaint against a Respondent who is an Employee contains allegations of violations of Regulatory Prohibited Conduct (Regulatory Quid Pro Quo, Regulatory Hostile Environment Sexual Harassment, Regulatory Dating Violence, Regulatory Domestic Violence, Regulatory Sexual Assault and Regulatory Stalking), the Sexual Misconduct Resolution Process set forth in this Policy will be applied in the investigation and adjudication of those allegations. For all other allegations, the University will follow applicable requirements in University policies and relevant collective bargaining agreements for resolution of the other allegations contained in the Formal Complaint.

If a Formal Complaint against a Respondent who is an Official or Volunteer contains any allegations under this Policy, the University or System will follow applicable requirements in University or System policies or procedures and standards for resolution of the allegations contained in the Formal Complaint.

6. Notice of Dismissal

Upon reaching a decision that any specific allegation contained in the Formal Complaint will be dismissed, the University will promptly send written notice of the dismissal and the reason for the dismissal, simultaneously to the parties through their institutional or other provided email account. It is the responsibility of parties to maintain and regularly check their email accounts.

7. Investigation

A. General Rules of Investigations

The Title IX Coordinator and/or an Investigator designated by the Title IX Coordinator will perform an investigation of the conduct alleged under a reasonably prompt timeframe, following issuance of the Notice of Allegations.

The University and not the Parties, has the burden of proof and the burden of gathering evidence, i.e., the responsibility of showing a violation of this Policy has occurred. Either party may decide not to share their account of what occurred or may decide not to participate in an investigation or hearing. This does not shift the burden of proof away from the University and does not indicate responsibility.

The University cannot access, consider, or disclose medical records without a waiver from the party (or parent, if applicable) to whom the records belong or of whom the records include information. The University will provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence, (i.e., evidence that tends to prove and disprove the allegations). See Inspection and Review of Evidence section below.

B. Inspection and Review of Evidence

Prior to the completion of the investigation, the parties will have an equal opportunity to inspect and review the evidence obtained through the investigation. The purpose of the inspection and review process is to allow each party the equal opportunity to meaningfully respond to the evidence prior to issuance of the investigation report.

Evidence that will be available for inspection and review by the parties will be any evidence that is directly related to the allegations raised in the Formal Complaint. It will include any:

- 1) Evidence that is relevant, even if that evidence does not end up being relied upon by the Decision Maker(s) in making a determination regarding responsibility;
- 2) inculpatory or exculpatory evidence (i.e., evidence that tends to prove or disprove the allegations) that is directly related to the allegations, whether obtained from a Party or other source.

The University will provide the gathered evidence to each Party and each Party's Advisor, if any, to inspect and review the electronic or hard copy. The University is not under an obligation to use any specific process or technology to provide

the evidence and shall have the sole discretion in terms of determining format and any restrictions or limitations on access.

The Parties will have 10 days to inspect and review the evidence and submit a written response by email to the Investigator. This response should include any new or additional evidence the Party would like the Investigator to consider. The University will provide copies of the Parties' written responses, and any new or additional evidence provided, to the other Party and their Advisor. The other Party will have 5 days to inspect, review, and respond to the new or additional evidence through a written response to the Investigator. The University will provide copies of the Party's supplemental written response to the other Party and their Advisor.

The Investigator will consider the parties' written responses before completing the Investigative Report. Parties may request a reasonable extension of the time to submit a written response, which may be denied in the sole discretion of the Investigator, in consultation with the Title IX Coordinator.

The Investigator has 10 days to generate a report or after the responses to additional evidence are due or, alternatively, may provide the Parties and their Advisors with written notice extending the investigation and explaining the reason for the extension.

The parties and their Advisors must sign an agreement not to disseminate the Investigative Report or photograph or otherwise copy any of the evidence subject to inspection and review or use such evidence for any purpose unrelated to the Sexual Misconduct Resolution Process. Violation of the agreement may result in disciplinary action under the [Code of Conduct] or other University Policy, as appropriate.

Any evidence subject to inspection and review will be available at any hearing, including for purposes of cross-examination.

C. Investigative Report

The Investigator will create an Investigative Report that fairly summarizes relevant evidence.

The Investigative Report is not intended to catalog all evidence obtained by the Investigator, but only to provide a fair summary of that evidence.

Only relevant evidence (including both inculpatory and exculpatory – i.e., tending to prove and disprove the allegations - relevant evidence) will be referenced in the Investigative Report.

Evidence obtained in the investigation that is determined in the reasoned judgment of the Investigator not to be directly related to the allegations in the Formal Complaint will be included in the appendices to the investigative report.

D. Ongoing Notice

If, in the course of an investigation, the University decides to investigate allegations about either Party that are not included in the Notice of Allegations and are otherwise covered Sexual

Misconduct Violations falling within this Policy or other violations of the University's Student Code of Conduct the University will notify the Parties of the additional allegations by their University email accounts or other reasonable means.

The Parties will be provided sufficient time to review the additional allegations to prepare a response before any initial interview regarding those additional charges.

8. General Rules of Hearings

A. Notice of Hearing

No less than 10 days prior to the hearing, the Director of Student Conduct and Community Standards, or other designee will send written notice of the hearing to the Parties. The Parties will be notified by their University email accounts or by other reasonable means. Once mailed, emailed, and/or received in-person, notice will be presumptively delivered.

The Notice of Hearing will contain:

- 1) A description of the alleged violation(s), a list of all policies allegedly violated, a description of the applicable procedures, and a statement of the potential Disciplinary Sanctions actions that could result.
- 2) The time, date, and location of the hearing.
- 3) Information about the option for the hearing to occur with the parties located in separate rooms using technology that enables the Decision Maker(s) and Parties to see and hear a Party or Witness answering questions. Parties should inform the Office of Student Conduct and Community Standards, or other designee of any desire to have the hearing occur in separate rooms at least 3 days prior to the hearing to ensure appropriate technology is in place.
- 4) Information on how the hearing will be recorded and on access to the recording for the Parties after the hearing.
- 5) A copy of the rules of decorum for all hearing participants.
- 6) A list of the Decision Makers, Hearing Facilitator, Hearing Chair and any other University personnel who will attend the hearing, along with an invitation to object to any actual or perceived conflicts of interest or bias of any individual attending the hearing prior to the hearing.
- 7) A statement that if any Party or Witness does not appear at the scheduled hearing, the hearing may be held in their absence, and the testimony or any statements provided by the Party or Witness prior to the hearing will not be considered by the Decision Maker.
- 8) Notification that the parties may have the assistance of an Advisor of their choice at the

hearing and will be required to have one present for any questions they may desire to ask of the other Party or Witnesses. The Party should notify the Office of Student Conduct and Community Standards, or other designee in advance of the hearing if they do not have an Advisor, and the University will appoint one. Each party must have an Advisor present.

- 9) A copy of all the materials provided to the Decision Maker(s) about the matter and the opportunity to provide a written response in advance of the hearing.
- 10) Information regarding who to contact to arrange any disability accommodations, language assistance, and/or interpretation services that may be needed at the hearing.
- 11) For compelling reasons, the Office of Student Conduct and Community Standards, or other designee may reschedule the hearing.

B. Hearing

The University will not issue a Disciplinary Sanction arising from an allegation of a violation of this Policy without holding a hearing, unless otherwise resolved through an informal resolution process or an alternate process permitted under this Policy. If the University determines a hearing is necessary, the Parties cannot waive the right to a hearing.

The University may still proceed with the hearing in the absence of a Party, and may reach a determination of responsibility in their absence. The University will not threaten, coerce, intimidate, or discriminate against the Party in an attempt to secure the Party's participation.

If a Party does not participate in a hearing or submit to cross-examination in the hearing, the Decision Maker(s) may not rely on any "statement" by that Party. See Cross Examination section below.

The Decision Maker(s) cannot draw an inference about the determination regarding responsibility based solely on a Party's absence from the hearing or refusal to answer cross examination or other questions.

The hearing may be conducted with all Parties physically present in the same geographic location, or, at the University's discretion, any or all Parties, Witnesses, and other participants may appear at the hearing virtually through video conferencing technology. This technology will enable participants simultaneously to see and hear each other. At its discretion, the University may delay or adjourn a hearing based on technological errors.

All proceedings will be recorded through audio recording. That recording or transcript will be made available to the Parties for inspection and review upon request.

C. Continuances or Granting Extensions

The University may determine that multiple sessions or a continuance (i.e., a pause on the continuation of the hearing until a later date or time) is needed to complete a hearing. If so, the University will notify all participants and endeavor to accommodate all participants' schedules and complete the hearing as promptly as practicable.

D. Participants in the Hearing

Hearings are not public, and the only individuals permitted to participate in the hearing are as follows:

- 1) The Decision Maker(s)
- 2) The Hearing Chair
- 3) Conduct administrator or designee [or IT personnel or other University personnel]
- 4) The Title IX Coordinator or Title IX Deputy Coordinator
- 5) The Parties
- 6) Advisor of choice or provided by the University for each Party
- 7) Witnesses
- 8) Any individuals necessary to provide interpretation or other support services associated with reasonable accommodations to facilitate participation in the hearing.

The Decision Maker(s) and Hearing Chair will not have a conflict of interest or bias in favor of or against Complainants or Respondents generally, or in favor or against the Parties to the particular case. The Parties will have an opportunity to raise any objections regarding a Decision Maker(s) actual or perceived conflicts of interest or bias at the beginning of the hearing.

Parties and Witnesses cannot be compelled to participate in the hearing, and have the right not to participate in the hearing free from retaliation.

E. Hearing Procedures

For all hearings conducted under this Policy, the procedure will be as follows:

- 1) Hearing Chair will open and establish rules and expectations for the hearing.
- 2) The Parties will each be given the opportunity to provide opening statements.
- 3) The university will discuss the referral and the applicable violations of the student code of conduct.
- 4) The Investigator will present a summary of the final investigation report, including items that are and are not contested. The Investigator will be subject to

questioning by the Decision Maker(s) and the Parties (through their Advisors). The Investigator should not be asked their opinion on credibility, recommended findings or determinations. If such information is introduced, the Hearing Chair will direct that it be disregarded.

- 5) Hearing Chair and Decision Maker(s) will ask questions of the Parties and Witnesses.
- 6) Parties will be given the opportunity for cross-examination after Decision Maker(s) conduct(s) its initial round of questioning See Cross-Examination Procedure below.
- 7) During the Parties' cross-examination, the Hearing Chair will have the authority to pause cross-examination at any time for the purposes of asking Decision Maker(s) own follow up questions; and any time necessary in order to enforce order for the hearing or the established rules of decorum. If an Advisor does not comply with the established rules of decorum, the Hearing Chair may remove the Advisor from the hearing and the University will provide that Party with a different Advisor to conduct cross-examination on behalf of that Party.
- 8) Should a Party or the Party's Advisor choose not to cross-examine a Party or Witness, the Party shall affirmatively waive cross-examination through a written or oral statement to the Decision Maker(s). A Party's waiver of cross-examination does not eliminate the ability of the Decision Maker(s) to use statements made by the Party.

F. Relevant evidence and questions

"Relevant" evidence and questions are those questions and evidence that tends to make an allegation of sexual misconduct more or less likely to be true. "Relevant" evidence and questions do not include the following types of evidence and questions, which are deemed "irrelevant" at all stages of any process initiated under this Policy:

- 1) Evidence and questions about the Complainant's sexual predisposition or prior sexual behavior unless:
 - a) They are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or
 - b) They concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove Consent.
- 2) Evidence and questions that constitute, or seek disclosure of, information protected under a legally-recognized privilege including attorney-client privilege; or
- 3) Any party's medical, psychological, and similar records unless the party has given voluntary, written consent.

G. Cross-Examination

- 1) Each Party's Advisor may conduct cross-examination of the other Party or Parties and Witnesses and ask follow-up questions, including those challenging credibility directly, orally, and in real time.
 - 2) Parties will not be permitted to personally cross-examine each other.
 - 3) If a Party does not participate in a hearing, the Party's Advisor may attend and conduct cross-examination on behalf of the Party.
 - 4) If neither a Party nor their Advisor appear at the hearing, the University will provide an Advisor to appear on behalf of the non-appearing Party and ask cross-examination questions.
 - 5) Before any cross-examination question is answered, the Decision Maker(s) will determine if the question is relevant. Cross-examination questions that are duplicative of those already asked, including by the Decision Maker(s) may be deemed irrelevant if they have been asked and answered.
 - 6) The Decision Maker(s) must explain to the Party proposing the question any decision to exclude a question as not relevant.
 - 7) If a Party or Witness does not submit to cross-examination at the hearing, the Decision Maker(s) may not rely on any statement of that Party or Witness in reaching a determination regarding responsibility.
 - 8) The Decision Maker(s) may not draw an inference about a determination of regarding responsibility based solely on a Party's or Witness's absence from the hearing or refusal to answer cross-examination or other questions.
- 4) Credibility judgments should not rest on whether a Party or Witness' testimony is non-linear or incomplete, or if the Party or Witness is displaying stress or anxiety.
 - 5) Where a Party or Witness' conduct or statements demonstrate that the Party or Witness is engaging in retaliatory conduct, including but not limited to witness tampering and intimidation, the Decision Maker(s) may draw an adverse inference as to that Party or Witness' credibility.
 - 6) Decision Maker(s) will afford the highest weight relative to other testimony to first-hand testimony by Parties and Witnesses regarding their own memory of specific facts that occurred. Both inculpatory and exculpatory (i.e., tending to prove and disprove the allegations) evidence will be weighed in equal fashion.
 - 7) The Final Rule requires the University to admit and allow testimony regarding polygraph tests ("lie detector tests") and other procedures that are outside of standard use in academic and non-academic conduct processes. While the processes and testimony about them will be allowed to testify and be crossed as required by the Final Rule, the Decision Maker(s) will be instructed to afford lower weight to such processes relative to the testimony of fact witnesses.
 - 8) The Final Rule requires the University allow parties to call character witnesses to testify. The University does not provide for character witnesses in other proceedings. While the character witnesses will be allowed to testify and be crossed as required by the Final Rule, the Decision Maker(s) will be instructed to afford very low weight to any non-factual character testimony of any Witness.

9. Decisions

A. General Considerations for Evaluating Testimony and Evidence

- 1) While the opportunity for cross-examination is required in all hearings under this Policy, determinations regarding responsibility may be based in part, or entirely, on documentary, audiovisual, and digital evidence, as warranted in the reasoned judgment of the Decision Maker(s).
- 2) Decision Maker(s) shall not draw inferences regarding a Party or Witness' credibility based on the Party or Witness' status as a Complainant, Respondent, or Witness, nor shall it base its judgments in stereotypes about how a Party or Witness would or should act under the circumstances.
- 3) Generally, credibility judgments should rest on the demeanor of the Party or Witness, the plausibility of their testimony, the consistency of their

B. Timeline for Decision

If there are no extenuating circumstances, the determination regarding responsibility will be issued by the University within 10 days of the completion of the hearing.

C. Finality

The determination regarding responsibility becomes final either upon the outcome of any appeal or the expiration of the window to appeal without an appeal being requested as set forth in the Appeals section below.

10. Disciplinary Sanctions Against Students

A. Possible Disciplinary Sanctions

The University may impose the following Disciplinary Sanctions upon Students, singly or in combination:

Educational Sanctions: The following are educational sanctions that may be assigned to the student or student organization when there is responsibility for violating the student code of conduct. These sanctions are not progressive in nature. More than one sanction may apply.

Restitution: Payment and/or reimbursement for replacement and/or repair of damages to public or private property.

Campus/ Community Service: a specified number of hours of service to the campus/community. When possible, the service requested shall be related to the disciplinary infraction.

Educational Program Referral: may include but not be limited to alcohol and/or other drug education, time management education, and/or; emotions management education.

Other educational sanctions may include writing a paper, presenting a program, designing a bulletin board, checking fire safety equipment, and/or attending an assigned workshop. The student must provide documentation of satisfactory completion of assigned program.

Alcohol and Illegal Drug Violations: Parental notification may be rendered for students under 21 years of age when a student is either found, or takes, responsibility for the violation.

Administrative Hold: A hold may be placed on a student's record to ensure that the student complies with sanctions or pending the resolution of conduct matters. If a hold is placed on a record, the Registrar may prohibit the student from registering or receiving an official transcript or a diploma until the conditions of the hold have been met. Holds on student records will be initiated and released by the office of Student Conduct and Community Standards.

Official Warning: An official notice that indicates to the student that future violations during the period covered by the warning may result in additional sanctions.

Residence Hall Suspension: Removal from university housing for a specified amount of time. Students suspended from the residence halls for disciplinary reasons, will not be eligible for a refund of room fees. Students must properly check out of their rooms in accordance with existing university procedures and within the time frame established by the Office of Student Conduct and Community Standards/designee. Students are prohibited from re-entering any University residential area without approval of the Office Student Conduct and Community Standards/designee once they have officially checked out.

Restriction(s): Students may be restricted from holding executive roles, leadership positions, living in, and/or visiting university owned or affiliated housing, participating in campus sponsored organizations and/or events.

Deferred Adjudication: refers to the process when a student is responsible for a violation but the finding is held so the student can complete certain requirements in an allotted timeframe. In order to receive Deferred Adjudication, the student must begin by accepting responsibility. At the completion of all requirements, the student will be adjudicated "not responsible." This may only be used for specific non-violent first

time offenses.

Disciplinary Probation: A status indicating that the student or student organization is not in good standing. This sanction may limit the student or student organization in participating in certain roles and/or functions at the university or in representing the university.

Deferred Suspension: The student's continued enrollment depends upon the successful maintenance of satisfactory behavior and completion of other mandated sanctions, if applicable, during the specified time of deferred suspension and there are no further policy violations. This status also renders the recipient not in good standing.

Suspension: The student is suspended from the University for a definite period of time.  6. Publication of this handbook constitutes the annual notification to parents and eligible students of their rights

under the Family Educational Rights and Privacy Act (FERPA).

Students:

The Family Educational Rights and Privacy Act gives students certain rights with respect to their education records. College students have the following rights:

- To inspect and review their education records. (This does not include personal notes from advisers, counselors or deans; parents' financial information; University Police records; or educational research data for federal, state or local purposes.)
- To request an amendment to their education record.
- To have some control over the disclosure of personally identifiable information from their education records, except to the extent that FERPA authorizes disclosure without consent.
- To file with the U.S. Department of Education a complaint concerning alleged failures by the University to comply with the requirements of FERPA.

Students may restrict the release of General Directory information by completing the FERPA Restriction Form and returning it to the Student Enrollment Center. (When this restriction is applied to students' records it also prevents their names from appearing on the Dean's List, graduation lists and other university-related publications.) Direct any questions about this notification, to the Registrar at the Student Enrollment Center.

Parents:

The Family Education Rights and Privacy Act is a federal law that affords parents the right to have access to their children's education records; the right to seek to have the records amended; and the right to have some control over the disclosure of personally identifiable information from education records. When a student turns 18 years old, or enters a postsecondary institution at any age, the rights under FERPA transfer from the parents to the student ("eligible student.")

Educational agencies and institutions are required to notify parents and eligible students about their rights under FERPA. Section 99.7 of the FERPA regulations sets forth the requirements for the notification. Universities do not have to individually notify parents and eligible students but do have to notify them by means that are reasonably likely to inform the parents or eligible students of their rights.

INTRODUCTION

Summary Statement: The University and its students must maintain appropriate conditions for learning. The pursuit of higher education for the development of knowledge, the pursuit of truth, the well-balanced development of students, and the common good of society are goals we live by at ESU. With that, the University must make provisions for the attainment of these goals. Residence Hall Suspension: Removal from university housing for a specified amount of time. Students suspended from the residence halls for disciplinary reasons, will not be eligible for a refund of room fees. Students must properly check out of their rooms in accordance with existing university procedures and within the time frame established by the Office of Student Conduct and Community Standards/designee. Students are prohibited from re-entering any University residential area without approval of the Office Student Conduct and Community Standards/designee once they have officially checked out.

Restriction(s): Students may be restricted from holding executive roles, leadership positions, living in, and/or visiting university owned or affiliated housing, participating in campus sponsored organizations and/or events.

Deferred Adjudication: refers to the process when a student is responsible for a violation but the finding is held so the student can complete certain requirements in an allotted timeframe. In order to receive Deferred Adjudication, the student must begin by accepting responsibility. At the completion of all requirements, the student will be adjudicated "not responsible." This may only be used for specific non-violent first time offenses.

Disciplinary Probation: A status indicating that the student or student organization is not in good standing. This sanction may limit the student or student organization in participating in certain roles and/or functions at the university or in representing the university.

Deferred Suspension: The student's continued enrollment depends upon the successful maintenance of satisfactory behavior and completion of other mandated sanctions, if applicable, during the specified time of deferred suspension and there are no further policy violations. This status also renders the recipient not in good standing.

Suspension: The student is suspended from the University for a definite period of time. When the period of suspension is completed, the student may be allowed to reapply and/or return to the University under stipulation(s) provided by SCCS/designee. Students suspended from the institution for disciplinary reasons, will not be eligible for a refund from classes or residence hall fees. The student is also trespassed from all ESU property and events during the time of suspension.

Expulsion: The student is permanently separated from the University without the ability to return. Students' expelled from the institution for disciplinary reasons, will not be eligible for a refund from classes or residence hall fees. The student is also trespassed from all ESU property and events.

The following are the possible educational sanctions for cases involving Sexual Harassment/Sexual Misconduct/Dating Violence/Domestic Violence/Stalking:

Official warning for one semester; official warning for two semesters; disciplinary probation for one semester, disciplinary probation for two semesters; deferred suspension for one semester; suspension for one semester, suspension for two semesters; suspension for three semesters; suspension for four semesters; suspension for five semesters, suspension for six semesters; expulsion; educational program referral such as the civility workshop or ethics seminar; outside mental health assessment with a licensed clinician-at the student's own cost; no contact order; trespass from campus; suspension from housing for one semester; suspension from housing for two semesters; suspension from housing indefinitely; restriction of activity for one semester; restriction of activity for two semesters; restriction from activity for three semesters; restriction from activity for four semester; restriction from activity for duration of undergraduate or graduate enrollment; administrative hold on student account.

VIII. Interim Suspension

When there is reason to believe that a student or student organization presents an immediate and significant threat to the safety and well-being of other persons and/or property, an interim suspension may be imposed pending the formal disposition of the disciplinary case. A decision to impose an interim suspension is made by the Office of Student Conduct and Community Standards.

The Director for the Office of Student Conduct and Community Standards/designee will meet with the student to discuss the interim suspension and the formal hearing process. The student may choose to have the Director or designee settle the case if possible during the Interim Suspension hearing. This would include the student entering into mutual resolution with SCCS. The student may accept the decision with all sanctions, in writing, at the Interim Suspension hearing or up to the hour before the Formal Hearing. If the student does not attend the Interim Suspension Hearing, a Formal Hearing will be scheduled and the Interim Suspension will remain in place until the results of the Formal Hearing.

IX. Procedural Due Process/Stages of the Conduct Process

The conduct process for a student or student organization begins when SCCS receives a referral of a potential violation of the Student Code of Conduct or local, state, or federal law. The referral is reviewed by SCCS and notice is sent to the student/student organization concerning the nature of the violation reported, date and location of incident, and asking the student/student organization to meet with a member of SCCS or designee.

1. **Receipt of Referral**: SCCS receives a referral that is filed within a reasonable amount of time following the discovery of the alleged violation and no later than three (3) months after the discovery, except in extraordinary cases. In certain cases, the SCCS may waive the time period for filing charges after making a finding in writing that waives the time period for filing charges in the best interest of the University.

A referral may be initiated by a student, faculty member, University Police personnel, staff member, office personnel, or interested party to the University. The Director of SCCS or designee may request information concerning prior misconduct of the student from the University Police and other appropriate persons or offices.

SCCS will then send the student notice of the referral through either (1) a Charge Letter informing the student of the process, or (2) an Interim Suspension Letter informing the student of the charges and Interim Suspension Process. This notice will be sent to the student's official university email account. For student organizations, this notice will be sent to the official university email account of the presiding officer of the organization (President).

In Absentia: If the student does not make an appointment within the timeframe outlined in the letter, the case may be heard in absentia. The student will then receive an Outcome letter and have an option for Formal Hearing. If

the student does not request a formal hearing in the timeframe allotted, then it will be understood that the student accepts the outcome as is and the sanctions will be in effect.

2. **Conduct Conference:** The University conducts meetings for students involved in incidents that may require disciplinary action. A member of the office of Student Conduct & Community Standards or designee will meet with the student for a Conduct Conference to review all charges, pertinent information to the incident and formal hearing options. Unless otherwise specified in this document, the student has the right to choose from the hearing options listed below:

- a) **Option One: Mutual Resolution through Conduct Conference:** This is an informal meeting conducted by a member of SCCS/designee. This meeting is intended to apprise the party of the information contained in the referral, discuss the charges, and potential outcomes. Students are given the opportunity to explain their involvement in the incident and admit to some/all responsibility for the violations. If a mutual agreement is reached, the student will sign a form waiving his/her right to a formal hearing and his/her right to an appeal. The hearing, which is not recorded, is adjudicated by the Student Conduct & Community Standards/designee. The student and the adjudicator will review all information concerning the alleged violation and the student will speak on his/her own behalf. After the informal review, the adjudicator may reach one of the following decisions and send the decision in an Outcome Letter:
- Student is responsible;
 - Case dismissed; or
 - Case continued pending further investigation by the hearing officer.
- b) **Option Two: Formal Hearing with an Administrative Hearing Officer or the University Conduct Board:**

This is a formal hearing before either one Administrative Hearing Officer or the University Conduct Board. The UCB is panel consisting of students and faculty/staff, but for cases falling within Title IX regulations, the panel will consist of faculty/staff only.

Students may bring witnesses, who have knowledge of the incident, to this hearing. Students also have an appeal option after a formal hearing. At the conclusion of the Formal Hearing, the adjudicating body has up to three business days to reach a decision.

When circumstances arise (e.g., staffing constraints or a particularly complex matter), additional time may be required to issue a decision. If additional time is needed, that will be communicated to the charged student. In cases of sexual harassment/sexual misconduct or physical violence, the complainant will also be notified of the delay.

Once a decision is reached, the decision will be sent in the form of an Outcome letter to the student's official

university email address. If SCCS does not receive an appeal from the student within 5 business days from the date of Outcome letter, it will be understood that the student accepts the decision as final, waives his/her right to appeal, and all sanctions will be effective.

Prior to a formal hearing, a student may make an appointment to review any file information related to the charges. At a formal hearing, the student or representative(s) of the organization may be advised and accompanied (but not represented) by a member of the University community or by legal counsel procured at the student's expense. The advisor may only consult and interact privately with the student. The decision rendered by the Administrative Hearing Officer or UCB during a formal hearing shall be based solely upon the evidence/information presented in the hearing. This is a recorded hearing where witnesses may be called to provide information. The student's witness(es) must have pertinent information to the case. (Character witnesses are not permitted.) If during a hearing additional violations are brought to light, new charges may be filed and a new hearing may be scheduled.

3. **Conflict Resolution Session/s:** When appropriate and agreeable to all students involved, a conflict resolution process may be conducted in lieu of an adjudication of Code of Conduct violations. The of Student Conduct & Community Standards/designee will determine when this process may be an option. At the conclusion of the Conflict Resolution process, an Outcome letter will be sent to both parties.

Additional procedural requirements for cases Involving Sexual Harassment/Sexual Misconduct/Dating Violence/Domestic Violence/Stalking the following apply (see also ESU Policy ESU-2011-10):

- All incidents of sexual misconduct must be reported to the Title IX Coordinator. Follow-up investigation may result in pursuit of the case through the Office of Student Conduct and Community Standards, the University Police and/or local police in both or either jurisdiction. The complainant has the right not to report sexual misconduct to University Police and/or local police if he, she, or they choose.
- Formal hearings will be the venue for any incidents involving sexual harassment/sexual misconduct that are not resolved through an informal resolution process within the Title IX office.
- Retaliation against any individual on the basis of a good faith report made by such individual, and/or on the basis of that individual's participation in an investigation, hearing, and/or final disposition of the sexual misconduct investigation is contrary to the community standards and is strictly prohibited under this code of conduct.
- Both the respondent and complainant have the right have to one Advisor of their choice present at all steps of the process and at the student's personal expense. The Advisor may include a parent, guardian, or attorney. The Advisor may confer with the respondent or complainant, but may not speak on the respondent's or complainant's behalf. The Advisor is allowed to conduct the cross

examination on behalf of the complainant and/or respondent in sexual harassment/sexual misconduct/VAWA related cases in the formal hearing.

- 5) The respondent(s) may have character witnesses present on his/her/their character for a formal hearing.
- 6) Both the respondent and complainant have the right to be informed of the outcome of the hearing in writing.
- 7) Both students, respondent and complainant, have the right to appeal the outcome of a formal hearing.

X. Decision

All decisions of the Administrative Hearing Body are final for all sanctions up to and including expulsion.

XI. Appeals of Formal Hearings

Appeals are decided by the Vice President for Campus Life and Inclusive Excellence/designee for non-academic cases, the Provost/designee for Academic Integrity Cases, or the President/designee in cases that result in Expulsion. *Appeal information for cases involving sexual harassment/sexual misconduct/dating violence/domestic violence/stalking, please see ESU policy ESU-2011-10.*

Appeals must be made in writing by the student and submitted/delivered to the Office of Student Conduct and Community Standards within five (5) business days after the decision of the hearing body. Upon receipt of the written appeal, the Office of Student Conduct and Community Standards will submit the appeal to the designated individual and defer the imposition of the sanction(s) pending the decision on the appeal. Appeals must be based on:

- a) Lack of due process;
- b) Lack of substantial evidence to support the decision; or
- c) New evidence that has become available that would substantially change the nature of the case;
- d) Severity of sanctions only if the sanction resulted in one or more of the following: loss of eligibility to live in and/or visit University-owned/operated housing, suspension, and/or expulsion.

If the appeal meets one of the categories listed above, it will be reviewed by the designated individual and the following may be recommended:

- a) Uphold the decision;
- b) Alter the decision and/or sanction that has been imposed;
- c) Return the matter to the Office of Student Conduct and Community Standards with instructions for re-adjudication relative to specific issues; or
- d) Overrule the decision and dismiss the case.

Decisions on appeal will be rendered by the Vice President or Provost within ten (10) business days, unless justifiable circumstances make adherence to this time frame infeasible.

The decision of the Vice President or Provost is considered final university action. There is no other appeal process.

XII. Provision for Amendments

A committee of students, faculty and administrators will periodically review this document at least every 3 years. The Vice President for Campus Life and Inclusive Excellence will assist in appointing the chair and members of the review committee. Such a review process, in cooperation with the Vice President, will facilitate making timely changes to better meet the needs of the academic community.

XIII. Records Retention

All disciplinary records are the property of the office of Student Conduct and Community Standards. The office will maintain these records for 7 years from the date of graduation, or the last date of enrollment if the student did not graduate.

MOTOR VEHICLES AND PARKING

Introduction

To provide for a safe, secure, equitable operation, and for the control of motor vehicles on the campus of East Stroudsburg University, those utilizing motor vehicles on campus must follow a common set of rules and regulations. The Pennsylvania Crimes Code (Title 18) of 1972, Section 7505; Act 34 of 1949; and Act 188 of 1983 authorizes all Commonwealth agencies to regulate and enforce motor vehicle traffic and parking on Commonwealth property. A motor vehicle is defined as any self-propelled vehicle.

Policy

All motor vehicles parking on campus must be registered with the University Security/Parking Office. Applicants for registration of a vehicle must possess a current driver's license and a current state vehicle registration card. Any charge for registering a vehicle on campus shall be determined by the president of the university. The university and the Commonwealth of Pennsylvania assume no responsibility or liability for loss or damage to any motor vehicle parked or driven on its property.

The University Police shall have the authority to temporarily close or restrict parking or traffic flow on the ESU campus. This includes but is not limited to special events, snow removal, and athletic contests.

Proceeding by citation, summons or warrant for violations of the motor vehicle code before a magistrate shall be in accordance with the rules of criminal procedure in effect at the time of the violation.

Parking regulations are enforced 24 hours a day 7 days a week 365 days a year.

Failure to have read the guidelines governing all motor vehicles on the ESU campus shall not constitute a valid excuse for non-compliance.

Guidelines and Procedures

Resident Parking Eligibility

Students residing in main campus housing under the age of 21 or with less than 60 credits are **not** permitted to have vehicles on campus midweek. There are exceptions to this guideline. Students covered by this restriction demonstrating a compelling need or unusual personal hardship may apply for a Special Permission Parking permit to have a car on campus. Applications are reviewed on a first-come first-serve basis by the Special Parking Committee

and the number of spaces is limited. Visit [Residence Life](#) or [Parking](#) for details regarding the application process.

Vehicle Registration

Each semester, students shall register their vehicles within two weeks of the first day of classes as determined by the university Undergraduate Catalog. Students will be assigned to student parking areas and must park in those appropriate areas. Any student who acquires the use of a vehicle after the regular registration period must register the vehicle immediately upon bringing the vehicle on campus for the first time. Replacement of, or additional, vehicles must be registered within the first business day of bringing the vehicle to campus for the first time.

Upon sale, trade or other disposition of any vehicle displaying any type of current parking permit, and replacing it with a new vehicle, the owner/operator shall be responsible for updating the vehicle information through the MyESU Portal or by contacting the Security/Parking Office. If not replacing the sold, traded, or disposed vehicle, the owner/operator shall be responsible for the removal and return of the parking permit to the Security/Parking Office.

Parking Permits

All vehicles parking on campus must properly display a valid permit designated by type. Students may purchase a permit online through the MyESU Portal or by completing an In-Person Transaction form at the Security/Parking Office authorizing the charge to be placed on their student account.

Students are not permitted to display their permit on or register a vehicle whose owner/operator is another student, or the parent(s) or relative of another student.

Student Parking Permit Fees

The following fees are in effect and are subject to change:

Commuter permits: If purchased **before 4pm on 8/07/20** - \$70/semester or \$100/year (commuter permits purchased before 4pm on 8/07/20 will be mailed to the address remitted at the time of purchase)

Currently there is no charge for parking in any student lot during the summer break.

Visit www.esu.edu/university_police/parking-transportation/permits.cfm for additional permit information.

It is not possible to mark with signs or paint all areas where parking is prohibited. However, the following guidelines will be strictly enforced. You may not park a vehicle or permit it to stand attended or unattended:

- Without displaying a valid permit
- In reserved spaces without a proper permit
- In "No Parking" areas
- Inside any stadium or on any athletic field

- In a handicapped space without a valid plate or placard
- In fire lanes, fire exits or within 15 feet of a fire hydrant

Any person who is issued a University parking permit in violation of the following guidelines or a person who uses or displays it shall be issued a ticket for fraudulent registration. The giving of false information to the Security/Parking Office to obtain a parking permit may result in prosecution. Refunds will not be issued for fraudulent permit purchases. Fraudulent registration includes but is not limited to:

- Multiple vehicle registration for the same period, except as permitted by University guidelines.
- Registration of a vehicle which is to be used by a person who is not authorized a permit for University parking.
- Use of a "Temporary Permit/Day Pass" by Faculty, Staff, or Student unless the Security/Parking Office authorizes the use.
- Alteration to or counterfeit of a permit.
- Displaying someone's permit on a vehicle which is not authorized to be registered for a permit.

A person commits a summary offense if he/she does any of the following on the university campus:

- Operates a motor vehicle on a highway at a speed in excess of the maximum posted limit;

- Operates a motor vehicle on any highway which is posted as closed to motor vehicles;
- Operates a motor vehicle on a designated snow emergency route during a declared snow emergency without snow tires or chains;
- Operates a motor vehicle being used for business or commerce without specific written approval from an authorized official of the university;
- Operates a motor vehicle so as to cause noise which is unreasonably loud, raucous, jarring, disturbing or a nuisance to persons within the area of audibility;
- Operates a motor vehicle on university grounds other than roads or other areas designated for the operation of motor vehicles;
- Operates a motor vehicle so as to disobey the directions of any traffic signal or sign, unless otherwise directed by a police officer;
- Parks a motor vehicle in a designated accessible space and the operator of said vehicle is not disabled or transporting a disabled person. Vehicle must display an accessible plate, permit or placard.

Any person in violation of the above rules shall be subject to a fine not to exceed \$100. Said payment shall terminate any further prosecution of said offense. Failure to pay the penalty within 10 business days may result in a Commonwealth citation being filed with the District Magistrate incurring additional fines plus costs of prosecution. (This guideline does not preclude a police officer from issuing a Commonwealth traffic citation instead of proceeding with a University citation).

The Chief of Police or Director of Parking and Transportation shall provide the name of any student charged with 10 parking or moving violations in any semester to the Office of the Vice President for Student Affairs for disciplinary action. A separate hold will be put on a student's records for each parking violation issued. Holds are removed as the tickets are paid in full.

Booting, Towing and Impounding

The University reserves the right to immobilize (boot) or to remove and impound abandoned vehicles or any vehicle found on campus:

- With three or more unpaid parking tickets

The owner will be responsible for costs involved in removing, impounding and storing such a vehicle, including any expenses charged by the towing company as a "show-up" fee or road service fee. Boots will not be removed until all fines/fees owed to the University have been satisfied.

- The owner or operator will have 72 hours from the date the immobilizing device was placed on the vehicle to make

payment in full for any unpaid tickets (if applicable) plus an additional fee for the removal of the immobilizing device.

- The boot removal ticket fines are as follows: \$50 for the first offense, \$100 for the second offense, and \$150 for the third offense within an academic year (each additional offense after the third is also \$150).

SAFETY REMINDERS

Safety Reminders from the University Police

Adapted from guidelines by the Pennsylvania Crime Prevention Practitioners Association

At home, your family takes responsibility for the safety of its members, its dwelling, and its property. At ESU, you are living in a much larger "family" whose members are also responsible for their own and each other's safety.

In the larger university family, each member must take extra care to ensure the safety of everyone. No member of the university community should feel afraid, but all members should exercise ordinary prudence.

The University Police Department has been established to protect you and everyone at ESU, but many safety factors are under your control.

Here are some reminders of common-sense precautions you can take. Your home is as safe as you make it. So is your university.

In Offices, Classrooms, Libraries, or Laboratories

Always keep personal belongings in view.

Keep petty cash and other valued items in a locked drawer.

Keep your purse with you or in a locked cabinet or drawer. Never leave it in, on top of, or underneath a desk.

Never prop doors open, especially fire doors, even for a short time.

Avoid working or studying alone in a building at night.

Report anyone who behaves suspiciously to the University Police. Remember his or her appearance and relay the information to the dispatcher.

Advise the University Police of any hazards or security problems.

On the Street

Stay in well-lit areas. Walk at the mid-point between curbs and buildings. Stay away from alleys, entries, and bushes.

Walk with someone whenever possible. Participate in the buddy system. Use the Escort Service if you must travel after dark. It's worth the wait. The Escort Service may be reached by dialing 570-422-3064.

If you are followed, act suspicious. Keep looking behind you and you may discourage the follower. If someone is following you on foot, cross the street, change directions, or vary your pace. If someone in a car follows you, turn around and walk in the opposite direction. If the follower persists, record the car's license number and call the police.

On Campus

Keep doors locked, even if you are away for only a few minutes, don't leave notes on your door saying that you are out.

Lock your door before you go to sleep. An unlocked door, night or day, can be an invitation to trouble.

Always keep your keys in your possession. Never place them under mats, over doors, or in any other obvious "hiding place."

Remember that most losses occur during the day. Close and lock all windows when you leave your room, especially if you are on the first floor or off a fire escape.

Keep an accurate inventory of your possessions.

If you should return to your residence and suspect that it has been illegally entered, do not enter. Call the University Police at 570-422-3064. In the event of an emergency call 911.

If you see a suspicious person in a hallway or lounge, or if someone knocks on your door to solicit, call the University Police. Never confront or ignore a stranger.

In a residence hall, screams could sound like horseplay. In an emergency, be specific. Shout "Help," "Police," or "Fire."

In all activities, use common sense and be conscious of your surroundings.

Know your neighbors.

Don't ignore hazardous situations and don't create them for others.

Online

Keep your online information and personal site settings private and do not give access to persons you do not know or trust.

Keep your passwords secure and do not post information of a personal nature.

If you receive harassing or threatening electronic communication be sure to save the materials and report the incident to University Police.

In Case of Fire

When the fire alarm sounds, all occupants must evacuate the building immediately using the nearest exit.

Only University Police Officers or members of the Fire Department may authorize reentry into the building.

Fire Safety Tips:

- Familiarize yourself with the location of fire alarm pull stations and fire safety equipment, and all exits
- If you encounter smoke, flames or have a medical emergency, immediately call 911 and provide as much information as possible.
- If the fire alarm sounds, assume an actual fire or emergency is occurring in the building and evacuate as quickly as safely possible through the closest exit. If you encounter smoke while evacuating, keep as low to floor as possible. If you are able, help others that require assistance.

Walking, Running and Biking

A. Rules for safe walking

1. Always use sidewalks when provided.
2. If no sidewalk exists, always walk facing opposing vehicular traffic as far as possible from the edge of roadway.
3. Always cross a roadway at an intersection or a well-defined crosswalk, and look both ways before crossing.
4. Always carry identification with you.
5. At night, do not walk alone unless absolutely necessary; walk in well-lighted areas, and wear light colored or reflective clothing.

B. Rules for safe running

1. Run on sidewalks, to the right of walkers. If sidewalks are not available, run on the shoulder of the road, facing traffic.
2. Be alert for cars at sharp curves and on crests of hills where you cannot see oncoming traffic.
3. Run in parks, on the track or on grass whenever possible. Never run alone, but do not run in large groups.
4. Communicate to your partner about oncoming traffic.
5. Wear or carry, white, bright or glow-in-the-dark clothes, if you must run at night. Be extra careful during inclement weather.
6. Observe cross walks, traffic lights, stop signs, etc. Run in place if necessary.
7. When making turns, look behind you and back over to traffic facing running side as soon as possible.
8. Do not intimidate or provoke automobile drivers. In general, do the things a walker would do:
 - a. Cross at crosswalks; look both ways before crossing.

- b. Cross only on proper traffic signal.
- c. Watch for turning cars.
- d. Never go into the roadway from between parked cars.

Rules for safe bicycle riding

- 1. Keep to the right side of the roadway and ride in single file. Pass other cyclists with caution.
- 2. Obey all traffic lights. Use hand signals.
- 3. Ride cautiously through parking areas, driveways and congested intersections.
- 4. For night riding, equip your bike with front/rear lights, use reflectors and wear light colored or reflective clothing.
- 5. Give pedestrians and motor vehicles the right of way

and use a warning device.

- 6. Use caution when passing parked vehicles because doors can be opened without warning.
- 7. Watch out for potholes, rocks, broken glass and other road hazards.
- 8. Always lock your bicycle properly when not in use using a high security lock.
 - a. Secure at least the back wheel and frame tube to something immovable. Bike racks are available throughout the campus.
 - b. Always lock your bicycle in a well-lit area.

These rules are not only for your safety, they are the law. The Pennsylvania vehicle code requires joggers, cyclists, and pedestrians to obey the traffic laws. The police can issue you a citation for failing to follow these rules.
