Welcome Back Juniors!

It’s your 3rd year at ESU—you’re halfway done! Big things are happening this year. You should be taking a lot of courses within your selected major, and securing an internship. Hopefully you are now on a first-name basis with us at the Career Development & Student Success Center. If you aren’t, you’re missing out on crucial information!

It is imperative to study your major in depth and examine related careers in great detail. Try to reach out to people already in that career and pick their brain—it’s called networking, and it’s extremely important to your career development.

Check out the junior “to-do” list:

- **Update your resume** and bring it to us to be critiqued. We are experts in this, and we will make sure your resume reaches its full potential.
- **Find that internship** and secure it! Need help? Please see us! Employers look for experience, and internships are how you get it. Even if it isn’t required for your major, we strongly urge to obtain one (or two).*
- **Start networking!** Build your LinkedIn profile and reach out to professors, employers, alumni, etc. We can’t stress this enough.
- **Practice your interviewing skills** by setting up mock interviews with us and utilizing [Warriorcareers.esu.edu](http://warriorcareers.esu.edu) where you can practice, record, critique, and share your interviews! Go to [http://warriorcareers.esu.edu](http://warriorcareers.esu.edu) and sign-on using your ESU login and password.
- **Attend** the ESU Career and Internship Expos offered each semester (AKA- networking!). Make sure you prepare your “30-second elevator pitch” and practice it.
- **Seek out leadership roles** within your clubs and organizations that you’re a part of. Employers want leaders working for them. Leadership roles are often associated with good interpersonal skills and initiative.
- **Research graduate schools** if you plan on attending and gather letters of recommendations from professors
- **Prepare** for the appropriate standardized tests needed for graduate school and note the test dates
- **STUDY, STUDY, STUDY!**

“Like” us on Facebook! – we won’t clog up your newsfeed, and it’s a great way to receive info on internships and events. [http://www.facebook.com/ESUCareerServices](http://www.facebook.com/ESUCareerServices)

Follow us on Twitter! [https://twitter.com/ESUCareerCenter](https://twitter.com/ESUCareerCenter)

*If you are doing an internship for credit, be sure to follow your department guidelines for approval prior to starting.
