Title of Policy: Emergency Housing Policy

Policy Statement: Emergency housing requests by current students may be made in person or over the phone to the Housing and Operations office. Requests are subject to the availability of an emergency housing room, due to limited vacancies within the residence halls.

A per-diem charge is assessed and directly applied to the student’s account the following business day. Individuals residing in the halls on an emergency basis are expected to adhere to all university and residence hall policies, and are held responsible for policy violations and any damages to the facility.

Reason for Policy: To address and detail conditions under which commuting and off-campus students may request to use an emergency overnight housing room on campus. Circumstances may include, but are not limited to: inclement weather, off campus facility emergencies or safety concerns, etc.
