Process for Approval or Denial of the Request to Operate a UAS on ASU Property

Approval will only be considered if ALL of the following requirements are met:

1. An FFA COA has been obtained.
2. The UAS Operator is a certified.
3. If third party request, adequate insurance coverage and limits are validated.
4. The operation of UAS must be for the benefit of the University.
5. Only persons that have been approved on the request can operate the UAS (at all times).
6. The UAS is flown within the visual line of sight of the operator (at all times).
7. The UAS is only operated during daylight hours in compliance with FAA rules.
8. The UAS will not be flown at a height greater than 400 feet.
9. The UAS will not be operated on or near the grounds of any Residence Hall, Child Care, or Locker Room.
10. The UAS will not be operated over any populated areas including parking lots and streets.
11. The UAS will not be operated in adverse weather conditions.
12. The UAS will only be operated on University owned or leased property.
13. An ESU police or security officer may:
 - Inspect and verify that the UAS and operator listed on the request are the ones being used on the day of the flight.
 - Order the operator to land the UAS if the officer feels that the conditions or operator poses a risk to the University community.

The Chief of Police will notify the requestor via e-mail of the denial if any of the above requirements cannot be met or maintained prior to or during the operation of the UAS.

If the request is approved, the Chief of Police will inform the requestor via e-mail of any additional restrictions that the University or police department deem necessary for safe operation on University grounds.

Please allow a minimum of 10 business days for request forms to be processed. Thank you.
