One issue that has been discussed has to do with how to better inform students when classes are cancelled in addition to posting a sign on the classroom doors since there’re a great proportion of students commuting. Other avenues include email, D2L, and the “Remind” app. An additional issue discussed had to do the process used by faculty to complete the Work Recovery Plans related to the strike, as there was some issues from a student perspective and it was agreed to address them on an individual basis. Two additional items have been brought before the committee to discuss. One has to do with having multiple final exams on the same day. The other issue had to do with using the academic affairs committee to vet external scholarship opportunities for students, and how to let students know about internal scholarship opportunities.
